Keeping our cafés extra clean, wearing masks and social distancing are some of the necessary precautions we are taking to keep our staff and customers safe.

- Venues will be recommended for an event based on adequate space for social distancing measures to permit groups to physically distance whilst inside.
- Guests exhibiting symptoms of COVID-19 will be asked not to attend any event for the safety of others.
- Toilet facilities will be stocked with suitable washing and hand drying facilities.
- Each venue will be thoroughly cleared and sanitised before an event. Touch points such as door handles, card machines, telephones and handrails will be cleaned and disinfected regularly.

- All our team members will be wearing visors or a face covering and gloves throughout the duration of hosting an event and when handling and preparing food and drinks.
- Only company approved cleaning chemicals shall be available for use at our cafés. These include detergents and sanitisers which are effective against enveloped viruses such as COVID-19.
- We look forward to welcoming you and if you have any questions at all regarding our safety procedures during COVID-19, please don't hesitate to get in touch with us.
