Pharma Mix 4 is a combination of four strong steroids that make this mix one of the most powerful injectable steroid in the world. Pharma Mix 4 is made and sold by Pharmacom Labs and is composed from Nandrolone phenylpropionate (70mg), Nandrolone decanoate (130 mg), Testosterone (270 mg) and Testosterone Phenylpropionate (130 mg). All mixes developed by Pharmacom Labs are based on testosterone in its different forms (esters). As you probably know, absolutely all exogenous hormones / steroids both oral and injectable ones inhibit the HPTA (hypothalamic-pituitary-testicular axis), which results in suppressing production of endogenous testosterone; being the primary man sexual hormone, it shall always present in a man body.
