Testodex Enanthate 250 is an anabolic steroid used in the androgen replacement therapy primarily in males with confirmed testosterone deficiency. Androgens are responsible for the alterations in male body musculature, normal growth of the sex organs, fat and hair distribution and other functions such as retention of sodium, nitrogen and potassium. Testodex Enanthate 250 Reviews. BASIC-21 . Soppyhag; 1 year ago; I'm not sure what Karl has labeled his latest version of test e, but I did bloods on the testodex 250, 500 mg a week for 4 weeks, tested trough, 2400 ng/dl. That's a hefty trough! T/A on AAS tends to be real fast, HGH and IGF run a bit slower but they arrive ;-)

Client Testimonials

I am very particular about how I do my laundry. I
never thought someone else would wash my laundry
even better than I do! The Laundry Room is
incredibly clean and now I'm a weekly customer.
