

Dynamically disinfecting the air we breathe and the surfaces we touch

*with the combination of organic and natural  
Hydroxyls and Ions.*

**ELIMINATE ODOURS & CONTROL INFECTIONS**

The AIRsteril Air Silent Range is our solution to improving indoor air quality and eliminating odours in small workplaces – by providing air and surface protection for the healthcare of patients, care home residents, staff and visitors alike.

The AS20/AS20X/AS20M are completely silent using our unique technology to eliminate unpleasant odours and control harmful bacteria and viruses both in the air and on all exposed surfaces 24 hours a day, 365 days a year.

**HYGIENE PROBLEMS**

Poor ventilation, incontinence and medical conditions create bacteria and spread viruses. In many cases even regular cleaning and disinfecting are simply not enough. The addition of masking agents can make odours worse and do nothing to control the spread of microorganisms.

AIRsteril gets to the root cause of the problem by eliminating bacteria, viruses and mould and clearing allergens to improve the air quality. Unpleasant odours are also eliminated creating a more pleasant environment for all.

**BENEFITS OF USING AIRSTERIL**

- Eliminate bacteria and viruses in the air and on all exposed surfaces.
- Remove embarrassing odours therefore negating the need for masking agents.
- Improve infection control and hygiene standards cost effectively.
- Reduce absenteeism and labour costs.
- Improve patients, staff and guest experience.

Area Size	10m <sup>2</sup>	20m <sup>2</sup>
Medium odour levels & infection control	AS10	AS20
High odour levels & infection control	AS10X	AS20X

# The Healthy Air Solution

## DYNAMICALLY DISINFECTING THE AIR WE BREATHE AND THE SURFACES WE TOUCH

- Kills pathogens (bacteria, fungi and viruses including:
  - Common cold and flu.
  - COVID-19.
  - Influenza.
  - Stomach flu.
  - Legionella.
  - Methicillin Resistant Staphylococcus Aureus (MRSA).
  - Escherichia coli.
  - Klebsiella pneumoniae and Pseudomonas aeruginosa.
- Kills mould and mould spores.
- Kills odour.
- Removes Particulate Matter (PM2.5 & PM10).
- Removes Volatile Organic Compounds (VOCs).
- Safe to use around people, animals and plants.
- Offers continuous, efficient, 24/7 risk-free protection.
- Simple to install and cost-effective to run.
- Chemical and filter free. does not require expensive filter replacements e.g. HEPA filters.

## AIRSTERIL IS

- Chemical free.
- Filter free.
- Independently laboratory tested.

## PERFECT FOR USE IN

- Aged care and residential facilities.
- Consulting rooms.
- Doctor and dentist rooms.
- Hospital wards.
- Waiting rooms.
