

Dynamically disinfecting the air we breathe and the surfaces we touch

*with the combination of organic and natural
Hydroxyls and Ions.*

REMOVE ODOURS, CONTROL INFECTION & IMPROVE HYGIENE

The AIRsteril Multiflex Range is our solution to improving air quality, sanitising surfaces and eliminating odours in medium to large workspaces. Our Multiflex Range:

- Destroys unwanted bacteria.
- Attacks odours at their source.
- Removes unhealthy microbes from the air.
- Makes every room smell freshly cleaned.
- Maintains sanitized surfaces.
- Stops mould and fungi growth.
- Clears smelly compounds in the air 24/7.
- Circulates fresh clean air.
- Reduces harmful viruses.

HYGIENE PROBLEMS

In enclosed spaces, lingering unpleasant odours are an embarrassing problem. Airborne microorganisms create offensive odours, spread infections and compromise hygiene standards – bacteria breeds so quickly they cannot be cleared with traditional cleaning. Masking odours can create a more unpleasant environment.

Our Multiflex Range is completely safe for use in areas of continuous occupation, through:

- Fan operation that distributes cleaning air.
- Annual lamp changing that maintains performance.
- Robust vandal resistant aluminium casing.
- Wall or ceiling mountable on screws.
- Can be plugged in or hard wired.

Lifts hygiene standards to a level impossible vs traditional cleaning alone

Area Size	20m ²	40m ²	60m ²	80m ²
Odour & infection control	MF20	MF40	MF60	MF80

The Healthy Air Solution

DYNAMICALLY DISINFECTING THE AIR WE BREATHE AND THE SURFACES WE TOUCH

- Kills pathogens (bacteria, fungi and viruses including:
 - Common cold and flu.
 - COVID-19.
 - Influenza.
 - Stomach flu.
 - Legionella.
 - Methicillin Resistant Staphylococcus Aureus (MRSA).
 - Escherichia coli.
 - Klebsiella pneumoniae and Pseudomonas aeruginosa.
- Kills mould and mould spores.
- Kills odour.
- Removes Particulate Matter (PM2.5 & PM10).
- Removes Volatile Organic Compounds (VOCs).
- Safe to use around people, animals and plants.
- Offers continuous, efficient, 24/7 risk-free protection.
- Simple to install and cost-effective to run.
- Chemical and filter free. does not require expensive filter replacements e.g. HEPA filters.

AIRSTERIL IS

- Chemical free.
- Filter free.
- Independently laboratory tested.

PERFECT FOR USE IN

- Change Rooms - gymnasiums, offices.
- Kitchens and food preparation areas.
- Care Homes - lounges, corridors, receptions.
- Waiting Rooms.
- Open Plan Offices.
