

# BLOCK PARTY BLOCK #24

## Translucent

Designed for the Studio 180 Designs

~ V Block® ~ Corner Beam® ~ Square Squared® ~ Corner Pop® I  
 ~ Sliver Technique Sheet ~ SideKick & High/Low Technique Sheet

Created By: Tina Dillard

*Translucent is a fascinating way to play with color. The idea of this block is to have colors that look like they blend together if you were looking through them. This block uses the following Studio 180 Design tools: V Block®, Corner Beam®, Square Squared, and Corner Pop® I. Plus it brings in the Sliver Technique and the SideKick & High/Low Technique Sheets.*

*In this block, you'll make the left and right Sidekick & High/Low units in two different colors. Just watch your placement. You'll also need Slanted Left and Slanted Right Sliver units. You have to make Half Square Triangles then pop both corners with the Corner Pop tool for unit G Double Popped Half Squares. It'll also require two different colors for unit G.*

*Using the blocks cutting chart below, determine the size you wish to make. Refer to the V Block®, Corner Beam®, Square Squared®, and Corner Pop® I tool instructions. Additionally, you'll need the SideKick & High/Low, and Sliver Technique Sheets. It's best if you press your seams open when building the block.*

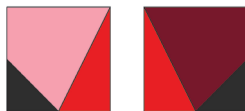

*If you don't have the Studio 180 Design tools, please visit your local quilt shop or order them directly from [www.quiltingaffection.com](http://www.quiltingaffection.com) or [Studio180Design.net](http://Studio180Design.net).*
