ASIAN HORNET TRAP For all

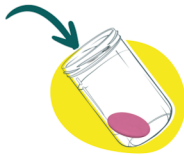

proudly sponsored by

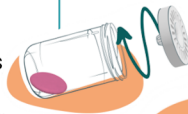

USER GUIDE

1 Place a few sprigs of straw, cotton or napkins in the bottom of a 100mm-diameter "Le Parfait Familia Wiss" jar. Pour over two spoonfuls of sugar syrup, making sure it is well absorbed by the material.

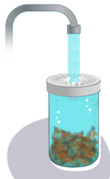

Scan for more tips & tricks

2 Place the trap horizontally in the location of your choice and let the first Asian hornets arrive. Once the trap is primed, they'll call out to their fellows.

Installation

Drain

3 When the trap is full, dip it in a bucket of water overnight. Then drain, wash and replace with new bait.

⚠ Keep out of reach of children. Take precautions when retrieving trap with hornets inside. BroodMinder declines all responsibility.
