### KEY INGREDIENTS

- Aloe Vera
- Almond Oil
- Argan Oil
- Coconut Oil
- Rice Bran Oil
- Sunflower Oil
- Castor Oil

### INGREDIENTS

Certified Sustainable Palm Oil, Sunflower Oil, Coconut Oil, Rice Bran Oil, Castor Oil, Argan Oil, Almond Oil, Aloe Vera

### EXPIRY DATE/SHELF LIFE

Although handmade soaps usually get better with age, we recommend using our soaps within 12 months of purchase. Our scented soaps should be used within 3 months after removing them from the clear packaging. Although the soaps will not be "spoiled" after that time, you may notice some changes as natural soap ages

# ARGAN SOAP BAR | ALOE VERA & ALMOND

## PRODUCT SHEET

### FAQS

**HOW MANY SILK ARGAN SOAP BARS DO YOU HAVE IN THE RANGE?** Check out our website as we are consistently adding more variations..

**WHAT IS THE SIZE OF THE SILK ARGAN SOAP BAR?** 100 grams - 80mm(Width) x 58mm(Height) x 22mm(Depth)

**IS THE SILK ALOE VERA & ALMOND ARGAN SOAP BAR OK FOR MY SENSITIVE SKIN?** Absolutely – All the Argan Soap Bars are all 100% Natural. Using Natural ingredients our Aloe Vera & Almond Argan Soap Bar is currently the only one in our range that is Non Coloured and fragrance free (please however always test a small patch of skin first)

**MOST SOAPS CONTAIN SULFATES THAT STRIP THE OILS FROM MY SKIN... DO THE SILK ARGAN SOAP BARS HAVE SULFATES IN?** Absolutely NOT we have NO Sulfates in any of the Silk Products including these Soaps

**I WANT TO ONLY PURCHASE AUSTRALIAN MADE PRODUCTS ARE THESE MADE HERE IN AUSTRALIA?** They sure are.. we are Proud that these Argan Hand made Soaps are made here in QLD.

**CAN I USE THE ARGAN SOAPS DAILY?** Yes you can

**I NOTICED THAT THE ARGAN SOAPS HAVE PALM OIL.. IS THIS CERTIFIED SUSTAINABLE PALM OIL?** YES it sure is. Palm Oil is one of the best stabilisers in Natural Soaps to make them firm and long lasting, however Silk only uses Certified Sustainable Palm Oil. Environmentalists agree that boycotting palm oil is not the answer..The manufacturing sector employs about 6 million people worldwide, about 2.2 million of whom are smallholder farmers, who often live at the edge of poverty and rely on palm oil to feed, shelter, and educate their families  
Certified palm oil manufacturers have in the past few years adopted policies that promise no deforestation, no peat development, and no exploitation.

**I DON'T WANT TO BUY ANY PRODUCTS THAT ARE TESTED ON ANIMALS ARE THE ARGAN SOAP BARS TESTED ON ANIMALS?** No we LOVE our Animals, we do not test on them. These Argan Soap bars are also Vegan

### KEY INGREDIENTS

**Aloe Vera** - provides a protective barrier that helps keep moisture locked in. It's cooling effects reduce acne inflammation and assist in healing, removing redness and soothing dry or angry skin.it does this as it contains antioxidants, enzymes, Vitamins A and C, and it is highly anti-inflammatory. It can help treat burns.

**Almond Oil** - More than soothing dry skin, almond oil can improve complexion and skin tone. It's highly emollient, which means it helps to balance the absorption of moisture and water loss. Because it is antibacterial and full of vitamin A, almond oil can be used to treat acne

**Argan Oil** – (Argania Spinosa Kernel Oil) is obtained from the fruit kernel of the Argan Tree. Rich in Vitamin E, antioxidants, omega-6 and omega-9 essential fatty acids all of which assist in keeping skin nourished and hydrated

**Coconut oil** - is linked to some potential benefits for skin, including reducing inflammation, keeping skin moisturized and helping heal wounds. The medium-chain fatty acids found in coconut oil also possess antimicrobial properties that can help treat acne and protect the skin from harmful bacteria

**Rice Bran Oil** - the main benefit of rice bran oil to the skin is its wonderful deep-moisturizing capability. This is due to its combination of vitamin E and fatty acids, which go deep into skin to hydrate. ... Rice bran oil is light and penetrates easily, so it's not likely to increase the oiliness of your skin.

**Sunflower Oil** - When it comes to skincare today, sunflower seed oil is a great source of vitamin E, rich in nutrients and antioxidants, and is effective for combatting skincare issues like acne, inflammation, general redness and irritation of the skin. Sunflower oil has emollient properties that help the skin retain its moisture

**Castor Oil** - Castor oil is rich in ricinoleic acid, a monounsaturated fatty acid. These types of fats act as humectants and can be used to moisturize the skin. The fatty acids in castor oil can also promote the growth of healthy skin tissue, making it helpful in restoring uneven skin tones

**WARNING:** Avoid getting into the eyes. If product gets into eyes wash out thoroughly with water.

**CAUTION:** Contains Nut Oils. It is recommended to always review the full ingredients lists and conduct a patch test prior to using the product for the first time- apply a small amount to a discreet patch of skin, like the inside of your arm. If any signs of redness or skin irritation occurs, do not use.

Vegan and cruelty-free products are made without any animal or animal-derived ingredients, and, they are not tested on animals at any point in the production process.
