KEY INGREDIENTS

Cold Pressed Certified Organic Argan Oil – (Argania Spinosa Kernel Oil) is obtained from the fruit kernel of the Argan Tree. Rich in Vitamin E, antioxidants, omega-6 and omega-9 essential fatty acids all of which assist in keeping skin nourished and hydrated

Coconut oil - is linked to some potential benefits for skin, including reducing inflammation, keeping skin moisturized and helping heal wounds. The medium-chain fatty acids found in coconut oil also possess antimicrobial properties that can help treat acne and protect the skin from harmful bacteria

Rice Bran Oil - the main benefit of rice bran oil to the skin is its wonderful deep-moisturizing capability. This is due to its combination of vitamin E and fatty acids, which go deep into skin to hydrate. ... Rice bran oil is light and penetrates easily, so it's not likely to increase the oiliness of your skin.

Sunflower Oil - When it comes to skincare today, sunflower seed oil is a great source of vitamin E, rich in nutrients and antioxidants, and is effective for combatting skincare issues like acne, inflammation, general redness and irritation of the skin. Sunflower oil has emollient properties that help the skin retain its moisture

Castor Oil - Castor oil is rich in ricinoleic acid, a monounsaturated fatty acid. These types of fats act as humectants and can be used to moisturize the skin. The fatty acids in castor oil can also promote the growth of healthy skin tissue, making it helpful in restoring uneven skin tones

Orange Essential Oil - Reduces dark spots and blemishes via vitamin C. Fights off free radicals to prevent premature skin aging. Has antibacterial properties to help fight acne. Boosts circulation in the skin. Promotes cell growth and collagen synthesis. Shrinks large pores and firms skin (astringent).

Lime Essential Oil - Due to its high limonene content, lime essential oil is a natural antioxidant. Antioxidants help to remove free radicals that damage cells, including those of the skin. This helps reduce signs of aging such as fine lines, sun spots, and wrinkles. Its astringent properties help keep the skin firm, reducing sagging

Shredded Bay Leaves - There are many benefits of bay leaves for the skin as they are a rich source of vitamins, minerals, and antioxidants. Bay leaves provide adequate relief to stressed out skin. The occurrence of wrinkles and skin outbreaks can be reduced considerably by using bay leaves

Lemon Essential Oil - Lemon Essential Oil's astringent properties are said to be effective in treating oily skin by counteracting the production of sebum, making it a great anti-acne aid. It can also be helpful in cleansing greasy hair, lifting dead skin cells and invigorating a dull complexion
