STEP 1: Starting with a freshly cleaned face, apply the Argan Antioxidant Primer all over the face with your fingers, massaging it into the skin.

STEP 2: Apply your shade of the Argan Cream Compact Foundation all over the face using the Silk Vegan Flat Foundation Brush.

STEP 3: With the Silk Nude Blending Sponge, blend the Argan Contour Stick (1 shade lighter than your skin tone) under the eyes, along the bridge of the nose and middle of your forehead. Also apply on the eyelid in preparation for your eye look.

STEP 4: Lightly dust the Argan Pressed Powder Foundation in the same shade as your foundation over your entire face with the Silk Retractable Kabuki Brush.

STEP 5: Apply a small amount of the Total Radiance Argan Face Bronzing Liquid in dots with your finger to your cheekbones. Next blend this out with the Nude Blending Sponge, building more product as you go to

create the desired bronzy effect.

STEP 6: With the Silk Vegan Blush Brush, apply a small amount of Peach Daiquiri from the Moroccan Summer Blush Palette to the apples of your cheeks, blending it nicely with your bronzer.

STEP 7: Now you're going to highlight your face. Using the Vegan Large Fan Brush, lightly dust shade POP from the Argan Highlighting Trio onto the bridge and tip of the nose, cupid's bow and cheekbone above your bronzer.

STEP 8: Shape your brows using the Argan Fibre Brow Enhancer in your chosen shade. Start at the arch of the brow towards the tail. For a more natural look, use the Vegan Eyebrow Brush to blend the product towards the start of the brow. Apply a layer of the Silk Brow Fixing Gel to lock them in place.

STEP 9: In a circular motion use the Vegan Blender Brush to blend shade "Palm Beach" from the Silk x Fernando Hervas Nude Collective Palette into the crease.

STEP 10: Using the Vegan Tapered Smudge Brush add shade "No.22" into the socket of the eye and blend into "Palm Beach".

STEP 11: Next, tap shade "Barcelona" onto the lid with the Vegan Concealer Brush. To add a little sparkle, tap the "Stay Golden" Glitter Dust into the middle of the eyelid.

STEP 12: Smoke out the underneath of the eye with shade "Mi Amor" and the Vegan Tapered Smudge Brush. Next, highlight the inner corner of the eye with shade "La La Land" using the Vegan Lash Line Blender Brush.

STEP 13: To complete the eyes, apply a thin layer of Argan Defining Mascara to your top and bottom lashes. When dry, use the Silk Strong Hold Lash Bond Liner in Black to apply a generous line along the upper lash line. Once tacky, add the Silk Faux Mink Lashes in Vegas.

STEP 14: For the lips, complete the look with the Silk x Fernando Hervas Nude 4 Lip Liner for definition and top with the Silk x Fernando Hervas Nude 3 Lipstick.
