STEP 1: Starting with a freshly cleaned face, apply the Argan Antioxidant Primer all over the face with your fingers, massaging it into the skin.

STEP 2: Apply your shade of the Argan Liquid Foundation all over the face using the Silk Vegan Flat Foundation Brush.

STEP 3: With the Silk Nude Blending Sponge, blend the Argan Contour Stick (1 shade lighter than your skin tone) under the eyes, along the bridge of the nose and middle of your forehead. Also apply on the eyelid in preparation for your eye look.

STEP 4: Lightly dust the Argan Powder Foundation in the same shade as your foundation over your entire face with the Silk Retractable Kabuki Brush.

STEP 5: Using the Vegan Powder brush, take a light amount of the Argan 7-in-1 Bronzer and gently swipe along the cheekbones where you previously applied your contour and along your forehead, making sure to

blend the powder into your hairline for a seamless look.

STEP 6: Using shade Mauve Rose from the Silk Rosy Cheeks Blush Palette, use the Silk Vegan Blush Brush and apply a small amount of blush to the apples of your cheeks, blending it nicely with your bronzer.

STEP 7: Now you're going to highlight your face. Using the Vegan Large Fan Brush, lightly dust the shade Pick Me Up from the Argan Highlighting Trio Palette onto the bridge and tip of the nose, cupid's bow and cheekbone above your bronzer.

STEP 8: Shape your brows using the Argan Fibre Brow Enhancer in your chosen shade. Start at the arch of the brow towards the tail. For a more natural look, use the Vegan Eyebrow Brush to blend the product towards the start of the brow. Apply a layer of the Silk Brow Fixing Gel to lock them in place.

STEP 9: Now you're going to dip into the shade Hot Chocolate from the Silk Day to Night Glam Eyeshadow

Palette. Using the Vegan Blending Eye Brush, build the colour from the middle of the eye towards the outer corner and blending it past the corner of the eye to create a winged out effect.

STEP 10: Take the Vegan Large Shadow Brush, and pack the shade Royalty on the first half of the lid, then with the same brush topping it with Pearl to lighten the colour slightly.

STEP 11: Using the Vegan Smudge Eye Brush, mirror the same colours along the lower lash line.

STEP 12: Apply a thin layer of Argan Defining Mascara to your top and bottom lashes. When dry, use the Silk Strong Hold Lash Bond Liner in Black to apply a generous line along the upper lash line. Once tacky, add the Silk Faux Mink Lashes in Vienna.

STEP 13: For the lips complete the look with our Argan Vegan Lipstick in Butterscotch.
