STEP 1: PRIME - Starting with a freshly cleaned face apply the Silk Argan Antioxidant Primer all over the face with your fingers, massaging it into the skin.

STEP 2: FOUNDATION - Choosing one of our 5 shades (we have used Tan) apply the Silk Argan Cream Compact Mineral Foundation all over the face using the Nude Blending Sponge.

STEP 3: CONCEAL - Using the Silk Vegan Concealer Brush cover any imperfections with one of the three shades in the Silk Argan Cream Concealer range. You need to apply a shade that is closest to your skin tone. We have used the Shade 'Medium'.

STEP 4: BRONZE - Next accentuate the natural contours of the face using the Silk Total Radiance Argan Bronzing Liquid, focusing on the outside of the face, starting with the forehead down into the cheekbones and around the jaw line. Use either a damp Blending Sponge or the Silk Vegan Foundation Brush. You can also use the Argan Bronzing Liquid following through down your neck and your décolletage. You can also mix with your Cream Foundation.

STEP 5: BLUSH - Using the Silk Moroccan Summer Blush Palette and the Silk Vegan Blush Brush apply the blush to the apples of the cheeks using a dabbing motion and blending it in nicely using a soft sweeping motion to avoid any harsh lines.

STEP 6: HIGHLIGHT - Next you're going to subtly highlight the face. Using the Silk Argan Highlighting Trio Palette lightly dust the shade 'Pick Me Up' on the top of your cheeks, brow bone or where ever you need a glimpse of highlight!

The best brush to use is the Silk Vegan Large Fan Brush for above the Cheeks and the Silk Vegan Small Fan Brush for your brow bones.

STEP 7: BROWS - To Enhance, thicken & define your brows Apply the Silk Fibre Brow Enhancer in shade 'Dark' if you need more depth to your Brows or to give them control apply the Silk Brow Gel.

STEP 8: EYES - From The Nude Collective Eye Palette blend shade 'Mi Amor' into the crease with the Silk Soft Eye Blending Brush.

STEP 9: EYES - Deepen the crease with shade 'No.22'.

STEP 10: EYES - Using the cut crease method apply the Silk Concealer to the lid (please see youtube on how to cut & crease). Tap shade 'Barcelona' onto the mobile lid.

STEP 11: EYES - Apply shade 'Wannabe' for depth into the crease.

STEP 12: EYES - Using shade 'Silk' with the Silk Large Blending Brush to blend out edges of the eye to the brow bone.

STEP 13: EYES - Highlight the inner corner of your eye with shade 'La La Land'.

STEP 14: EYES - To complete the eyes add the Silk Faux Mink Lashes in Dubai using the Silk Strong Bond Liner in black.

STEP 14: LIPS - For the lips, complete the look with Nude 6 Lip Liner (Deep Rosy Nude) - top off with Nude 6 Lipstick (Deep Rosy Nude) and a touch of Nude 3 Lipstick (Peachy Beige) into the middle of the lips.
