ARGAN REP-HAIR INSTANT LEAVE-IN PROTEIN SPRAY PRODUCT SHEET

KEY INGREDIENTS

Cold Pressed Certified Organic Argan Oil - (Argania Spinosa Kernel Oil) is obtained from the fruit kernel of the Argan Tree. Rich in Vitamin E, antioxidants, omega-6 and omega-9 essential fatty acids all of which assist in keeping skin nourished and hydrated

Keratrix™ - (Hydrolyzed Ceratonia Siliqua Seed Extract, Glycerin, Zea Mays Starch, Polyquaternium-7, Guar Hydroxypropyltrimonium Chloride) is a powerful and natural anti-breakage technology that helps mend and strengthen hair that is prone to split ends and breakage. A restorative natural active targeting damaged and weakened hair. It increases hair strength and elasticity, improves dry and weak hair and repairs the damage caused by mechanical, thermal and chemical processes. Its sustained release system allows it to remain on the hair fiber for a prolonged action

Hydrolyzed Soy Protein- enhances hair manageability, helps mend and smooth hair, increases the hair's natural ability to retain moisture and improves tensile strength

Glycerin – plant derived, Glycerin acts as a skin replenishing and hydrating ingredient that assists in maintaining a healthy look and feel

Certified Organic Aloe Vera - (Aloe Barbadensis Leaf Juice) is typically obtained from the leaves of the aloe plants and assists with skin conditioning enhancing the appearance of dry, damaged skin

Guar Hydroxypropyltrimonium Chloride – derived from the beans from the guar plant and functions as a natural thickener and conditioning agent for skin

Polyquaternium-7 – imparts a smooth velvety feel and improves slip and moisture. It assists in acting as a very good detangler and provides slip for easier wet-combing and assists in controlling frizz

Pro Vitamin B5 – (Panthenol) assists in improving the appearance of skin and providing moisture. It has an ability to attract and hold moisture

Polysorbate-20 – derived from lauric acid from coconuts and helps oils and other ingredients blend with water

WARNING: Avoid getting into the eyes. If product gets into eyes wash out thoroughly with water.

CAUTION: Contains Nut Oils. It is recommended to always review the full ingredients lists and conduct a patch test prior to using the product for the first time- apply a small amount to a discreet patch of skin, like the inside of your arm. If any signs of redness or skin irritation occurs, do not use
Vegan and cruelty-free products are made without meat, eggs, dairy or any animal or animal-derived ingredients, and, they are not tested on animals at any point in the production process.

ARGAN REP-HAIR INSTANT LEAVE-IN PROTEIN SPRAY TIPS & TRICKS

1

TOWEL DRIED HAIR

 For best results, use the Argan REP-Hair shampoo & conditioner first and then use the Argan REP-Hair Instant Leave-In Protein Spray. Keratrix Protein is a natural active ingredient targeted towards damaged and weakened hair. Simply spray on towel dried hair and leave in to absorb.

2

DAMAGED HAIR

 Cold weather, dry air and harsh winds can cause havoc on hair particularly if you have dry hair to begin with. Whilst you can't control the weather, there are some things you may be doing that can cause damage. Some of the most common types of hair damage occur from bleaching, colouring, blow-drying, use of heated appliances, perming, straightening, towel drying, brushing of wet hair and would you believe it washing your hair too often can also cause damage. Keratrix helps mend and strengthen damaged hair.

3

WEAK HAIR

 When you have weak hair you may experience hair that breaks easily resulting in split ends and an uneven hairstyle. Weak hair can also lead to dry hair, causing frizz and flyaways. Your hair may also be less capable of holding a style leaving it limp no matter which products you use to achieve body and bounce. Keratrix protects, strengthens and repairs weakened hair.

Keratrix is a multifunctional active ingredient that protects hair fibres - Strengthens & protects against hair breakage - Regains hair integrity - Improves elasticity.

KERATRIX

RESTORATIVE NATURAL ACTIVE FOR DAMAGED AND WEAKENED HAIR

Keratrix™ consists of:

- Oligopeptides from carob tree, rich in amino acids, especially glutamic, arginine and aspartic.
- Obtained through selective hydrolysis from its seeds.
- They are incorporated in a Matrix Plus (three-dimensional network of amylopectin), which delivers them sequentially.
- Matrix Plus gets fixed on hair fiber and allows a long-lasting effect.

HAIR IS THE MOST POWERFUL, EXCLUSIVE AND VERSATILE ACCESSORY. HAIR FIBER IS SUBJECTED TO MULTIPLE WEAKENING AGGRESSIONS CAUSED BY THE DIFFERENT FORM AND COLOR CHANGING TREATMENTS.

HAIR BECOMES FRAGILE & UNPROTECTED

Keratrix™ is a multifunctional active ingredient that:

- Protects hair fiber.
- Strengthens and prevents from breakage.
- Regains integrity.
- Improves elasticity and resistance.

Recommended for any hair type, especially for damaged and weakened hair, due to its action in:

- REPAIRING
- BREAKAGE PREVENTING
- STRENGTHENING
- PROTECTING
- ANTI-FRIZZ EFFECT
- ANTI-HUMIDITY ACTION

RECOVER THE HAIR IN 10 DAYS!

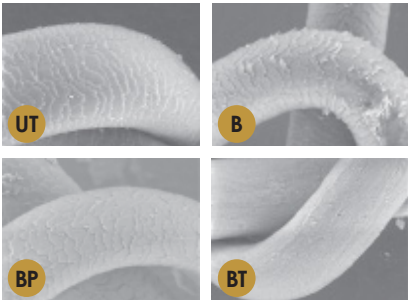

EX VIVO EFFICACY

Strands of natural hair that after suffering an oxidative process were treated with a neutral shampoo and an active serum (keratrix™ at 5%) or placebo.

• SEM microscopy

PROTECTING EFFECT

Hair cuticle softens and hair is protected.

USED HAIR SAMPLES: untreated hair (UT), bleached (B), bleached / treated with placebo (BP), bleached / treated with keratrix™ (BT).

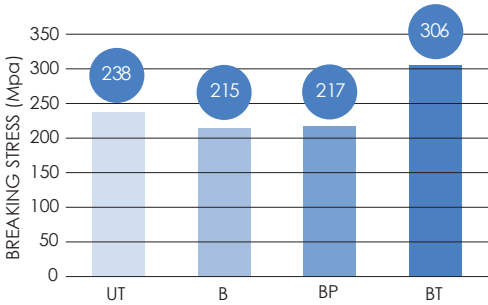

• Breaking force

STRENGTHENING EFFECT

The sample containing bleached hair treated with keratrix™ is even more resistant to breakage than the untreated hair.

Breaking force increases:

- 28.5% vs. untreated hair
- 40.9% vs. bleached / placebo

• Hair permeability

REPAIRING EFFECT

Through the study of the water adsorption-desorption kinetics, it was proved that keratrix™ regains hair structure and barrier function, diminishing the typical porosity of damaged hair.
