

PRODUCT SPOTLIGHT: METABOLISM SUPPORT

High-potency, highly absorbed liquid softgels built for **the most natural burn on the market without compromising your health**. A high potency **Apple Cider Vinegar liquid capsule WITH APPETITE CONTROL AND BONE PROTECTION** is the latest innovation from BENEMAX™ Health & Wellness. Unlike our competitors we don't provide you a bottle of Apple Cider Vinegar that stinks, and sits at the back of your fridge for weeks. We are providing **easy to use liquid-filled capsules which are absolutely flavourless, do not sting going down and still provide that potent concentrated dose of Apple Cider Vinegar**. Along with the Apple Cider vinegar, a potent daily dose of **Calcium, Chromium and Magnesium ensure healthy blood sugar levels and bone stores of Calcium** when taking in the acidic Apple Cider Vinegar.

EASY TO CHOOSE

Unlike many of our competitors we consider the body's ability to maximize and ingredient as a priority in our product designs. **Most apple cider vinegar supplements are just that PURE ACETIC ACID (vinegar), without any balancing properties.** Our product includes **Calcium and Vitamin D to ensure maximum absorption** and to maintain **the pH of the body**. Chromium **ensures healthy sugar levels and cuts sugar cravings**.

EASY TO USE

Rather than choking down a sour and irritating teaspoon of Apple Cider Vinegar, or chewing on a sugar-filled Apple Cider Vinegar snack, **try a clean, flavourless, high potency capsule** that is changing the game!

EASY TO TRUST

No need to double-check the ingredients. Our **Metabolism Support liquid capsule** is designed for ALL dietary preferences and lifestyles. It is:

- UNAPOLOGETICALLY Plant-Based
- Nut-Free
- Gluten-Free
- Dairy-Free
- Free From Additives, Preservatives, or Carrageenan
