ROSE 2 CARE AND INSTRUCTION MANUAL

HEY BABE, COME HERE OFTEN?

Welcome to your self love journey! We're so excited to introduce you to your new bedroom romancer, Rose 2.

Rose 2 is a precision point bullet vibrator, perfect for first self love experiences, or as an addition to your collection. Designed with delicate 'petals' for an extra sensory experience, the Rose will empower you to explore your body and take charge of your pleasure. With 5 levels and 5 patterns to vibe with, you're about to fall in love with self love!

CHECK ME OUT

YOU'RE IN CHARGE

Before we can get down to the good stuff, your Rose 2 will need to charge for 2 hours.

Insert the main USB plug into any USB port. Connect the charger with the charge port on your Rose 2 (those two fancy silver dots). You'll feel a slight pull and a click, followed by your Rose 2 LEDs flashing to let you know it's charging. Catch up on that show you've been meaning to watch while you wait - it won't be long! The LED lights will stop flashing when your Rose 2 is ready to play.

For best performance, we recommend only charging your Rose 2 with the provided Vush charger.

TURN ME ON

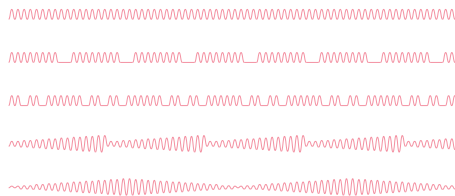

Charge Rose 2 for 2 hours to reach full charge.
Press and hold to turn on.
Press to increase intensity level.
Press to discover all 5 pattern settings.
Make some magic!
Press and hold to turn off.

PLEASURE TO MEET YOU

Settle in, get comfortable, and turn on your Rose 2. Choose your fave starting pattern + level. Rose 2 can be used to stimulate any area of your body that feels good. Position the pleasure point over your selected area and try different levels, patterns, and pressures to find how to best love yourself! Don't thank us, thank yourself.

If you'd like extra lubrication for your Rose 2, you can apply either to the precision point tip, or to the length of it. It's important to only use water-based products like Vush Feelin' Myself Intimate Gel with your Rose 2. Other oils, creams, or silicone-based lubricants can damage the high-grade silicone of your toy over time.

PATTERNS

GOOD CLEAN FUN

First thing's first: Always clean your Rose 2 thoroughly before and after each use. It's waterproof, so cleaning couldn't be easier. Simply wash your Rose 2 with clean warm water and soap, then rinse and pat dry with a lint-free towel or cloth. Ta da! For those times when you need something quick and discreet (like when your roommate is using the bathroom for karaoke practise), you can also use a gentle wet wipe.

To show your Rose 2 a little more love and care, store in a Vush Storage Bag to avoid dust build up or damage from other materials, and to keep it safe from sunlight or other extreme heats.
