

SEWA INTERNATIONAL'S SHE PROJECT

Need Analysis Initial Report to Sewa North Jersey Lead-2022

About 49% of School Children across India do not have access to school toilet facility

SHE PILLAR PROGRAMS

SANITATION

Our Journey

In 2015, Sewa International started the "#Yes!Icangotoschool" program, and implemented the first pilot project by installing toilets at four government schools in Jigani, Bengaluru District, in South India. Girl's school attendance increased by 87%.

Since then, Sewa International has expanded the project to different locations across India. In the past five years, this project has benefited more than 9,92+7 families and 53,989 school children from various sections of Indian communities.

Our Reach

790 toilets benefitting 53,989 school children 9,927+ families

14 Indian States 27 Districts

35,000+ adolescent girls

There are several 'rights' given to citizens of India but the right to a safe, secure, and healthy life at home and in schools is not one of them. Thus, we believe a "Right to Sanitation Facilities", especially for our women and girl children who face several challenges everyday just to attend nature calls in a safe and secure environment, is much needed.

SHE team is committed to providing such toilet facilities in communities and schools, where they are not available so that we can ensure both dignity and safety to women and

girl children.

Key Focus Areas

Our key focus areas

- 1. Building new toilets/repairing existing toilets in underprivileged schools with a higher percentage of girl children
- 2. Construction of menstrual rooms for adolescent girls and female support staff
- 3. Providing water for drinking and sanitation

REDEFINING AND ELEVATING THE SHE PROGRAM

Building upon the success and momentum of the toilet and hygiene program started in 2015, we have developed new programs in the past 2 years to promote the development and empowerment of the Girl Child. These efforts include: providing sanitation facilities for students in schools, promoting menstrual awareness and education, distributing cloth sanitary napkins, providing skill development opportunities for covid impacted women and girls, hosting self defense workshops, and providing health check-ups for women and girls.

To contextualize these efforts, we have revamped our project micro site at www.she.sewausa.org, where we will share updated information on our projects, outcomes and deliverables, as well as our monthly newsletters, annual reports, and project videos and images. We encourage you to visit the site, post and share about our work, and support our efforts by giving directly on our secure payment site: www.she.sewausa.org/donate.

Thank you for your continued support.
