### SEWA'S SANITATION PROGRAM

### Can you imagine not having a Toilet?

About 49% of School Children across India do not have access to school toilet facility

#### Our Journey

In 2015, Sewa International started the "#Yes!Icangotoschool" program, and implemented the first pilot project by installing toilets at four government schools in Jigani, Bengaluru District, in South India. Girl's school attendance increased by 87%.

Since then, Sewa International has expanded the project to different locations across India. In the past five years, this project has benefited more than 9,92+7 families and 53,989 school children from various sections of Indian communities.

#### Our Reach

790 toilets benefitting 53,989 school children 9,927+ families

14 Indian States 27 Districts

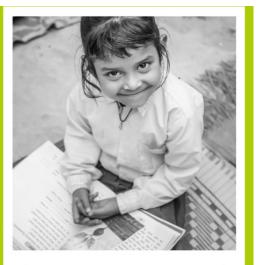

35,000+ adolescent girls

There are several 'rights' given to citizens of India but the right to a safe, secure, and healthy life at home and in schools is not one of them. Thus, we believe a "Right to Sanitation Facilities", especially for our women and girl children who face several challenges everyday just to attend nature calls in a safe and secure environment, is much needed.

SHE team is committed to providing such toilet facilities in communities and schools, where they are not available so that we can ensure both dignity and safety to women and girl children.

### Key Focus Areas

#### Our key focus areas

- 1. Building new toilets/repairing existing toilets in underprivileged schools with a higher percentage of girl children
- 2. Construction of menstrual rooms for adolescent girls and female support staff
- 3. Providing water for drinking and sanitation

### NEED ANALYSIS - CHACHIKPUR, AYODHYA

### **Key requirements:**

- **6** New toilets in rural school across Chachikpur,Ayodhya.
- Soak pit; Overhead tank
- Water provision for sanitation; Wash basin installation
- Menstrual awareness for adolescent girls

State:Uttar Pradesh Districts: Ayodhya Number of schools identified: 1 Government Schools

Total beneficiary Strength : 137 kids & 6 staff

Requirements in each school post survey and analysis:

- 6 new toilets for students and teachers.
- Construction of new soak pit for sanitation.
- Overhead tank to provide water for sanitation; Water connection inside the toilet units.
- Wash basin outside the toilet block.
- Menstrual health and hygiene sessions with distribution of reusable sanitary napkin kits to adolescent girls.

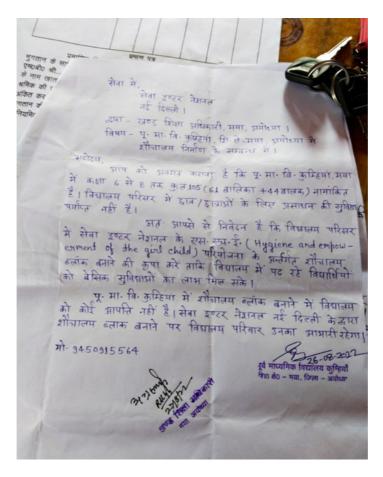

The identified school is in very remote rural area with limited facilitates for water and sanitation; Children walk through 2-3 villages everyday to commute to school. Lack of proper sanitation facilities causing a lot of health issues for students.

Sewa received a request letter from this school and upon approval from the Education department, Govt of UP, started working on improving sanitation facilities in this school.

With generous funds from Vikram & Nandana Kansra ji, Sewa is providing sanitation facilities, menstrual health and hygiene awareness in the above identified school.
