Here at BDARI we believe in "buying less and choosing well, to make it last", so if corporate gifts are inevitable, then let's choose those that are made of eco-friendly materials with long lasting quality. This catalogue is our showcase of the many different items that we have, all of which are customisable, so you can make your gifting truly special.

All products in this catalogue contribute in one way or another to the ultimate aim of saving our environment. Our products are made to serve as an alternative towards single-use items, are made from recycled materials which reduce the likelihood of adding to overall waste, are manufactured via good practices of reducing water wastage, are made by environmentally-responsible factories, and on top of this, have 1% of the sales going towards the Zero Waste Malaysia initiative – in efforts of imbedding a more eco-conscious attitude within Malaysians.

By opting for sustainable corporate gifting, you are not only making a positive environmental impact, but also enhancing your brand reputation by showing a commitment to your stakeholders. On top of this, by choosing gifts that are personalized and meaningful, your business will enhance client and employee retention, generating positive feedback and referrals, and foster a sense of community and partnership, ultimately making it an excellent initiative in any company's ESG.

In ensuring we reduce waste and only produce quality items, all purchases placed are pre-orders. Items will take between 4-6 weeks for manufacturing and customisation, right to your doorstep. We also offer an incentivised discount for orders with extra lead time (more than 6 weeks). These advanced pre-orders are encouraged as this gives us sufficient time to guarantee a better end product via step-by-step personalised development and quality checking.

In the past 3 years, BDARI sold hundreds of thousands of lunchboxes, saved tonnes of single use plastic, and we believe it is time for us to change our lifestyle and pay more respect to the Mother Nature.

Reduce Pollution. Be the Solution!

Single-use plastic has reached 'Epidemic Proportions'. Of the 368 million metric tons of plastic produced each year, around half is designed to only be used once and then discarded.

By 2050, the seas could contain more plastic than fish. People who regularly eat seafood are also ingesting up to 11,000 tiny bits of plastic annually.

Malaysia has the highest annual per capita plastic use per person compared to China, Indonesia, the Philippines, Thailand and Vietnam.

In 2016, Malaysians have on average produced around 22KGs of post-consumer plastic waste per person.

Since 2020, BDARI has produced tens of thousands of alternatives to single-use plastics - potentially saving millions of trash from littering our oceans.

1% of proceeds from sales of items within this catalogue go to Zero Waste Malaysia (ZWM), in support of building a waste-free and sustainable future for Malaysia.

ZWM works with businesses and communities to drive change at the workplace via education and implementation programs in addition to providing Malaysians with inclusive Zero Waste Knowledge thus kickstarting their sustainability journey on top of speaking to individuals and promoting transformation through exhibitions, events and outreach programs.

Together with Zero Waste Malaysia, we hope to build a brighter future for our children. Do visit Zero Waste Malaysia at <https://zerowastemalaysia.org/> to learn more about what they do.

**“We have not inherited the land from our parents,
we are borrowing it from our children”**

BRANDING TECHNIQUE

The essence of promotional gifts and business giveaways is to **make your mark on customers**

A well branded product that carries your unique logo or brand message helps increase brand recognition, increases business value, generates new customers, improves employee pride & satisfaction and finally creates trust in the marketplace.

**A great product needs impactful branding.
Now convey your message in style!**

BDARI DESIGNER TIFFIN CARRIERS

The tiffin culture was widespread throughout Asia and was popular until the 1960s. The tiffin carrier is known by many names in many cultures, mangkuk tingkat (Malay), rantang (Indonesia), safartas (Arab), ethordo (Hungarian), or even henkelmann (Germany). It ranges from the simple 2 tiers to the more elaborate 4 tiers.

Previously tiffin carriers were the first thing that came to mind when thinking of transporting and storing food. This is especially true for Chinese and Indian women. This may be another reason why early manufactured tiffin carriers were heavily ornamented as tiffin carriers of old were made intricately of precious materials such as gold, silver and brass and decorated with fine, rich and intricate handiwork portraying the influence of Asian art.

Single Tier

Economy/Standard/Premium

Deluxe

So what do the different variants mean?

ECONOMY

Made of Stainless Steel 201. Food Safe. Suitable to be made gifts for ceremonies and events. Best value for bulk purchases.

STANDARD

Made of Stainless Steel 410. Food Safe. Suitable for personal consumption or gifts for friends and family. Better quality due to thicker material.

PREMIUM

Made of Stainless Steel 304. Food Safe. Suitable for personal consumption or as a special gift for a specific person. Very high quality material makes it extremely durable.

DELUXE

Made of Stainless Steel 304. Deluxe variants are both thermally insulative and feature a spill-proof lid for all tiers. Modern look of the iconic tiffin carrier.

12cm & 14cm diameter

14cm diameter

DESIGNER TIFFIN CARRIER

We have hundreds of designs to fit all occasions and moods. We can also customise your tiffin carrier with your very own design. And if you just want it to be simple and just have your logo or name on it, we can even do that for you.

BDARI B-KAS

A LUNCHBOX SERIES BY BDARI

B-KAS lunchboxes are the new evolution of food containers. Personalised with custom unique designs we call Attitude Covers, each B-KAS gets its own personality so that it suits your personality. Each B-KAS is also made of high quality and durable material so that it not only keeps your food safe, but it lasts a long long time. Elevate your eating experience. Upgrade your meals. Show off your style. Get your B-KAS and make your lunch boxes express your mood.

Each B-KAS is made from a 2-tier microwaveable container with a customisable lid we've aptly named The Attitude Cover. As the design is similar to a Bento box, the whole set is held together with a custom B-KAS elastic band.

HAVE B-KAS WITH YOUR OWN STYLE

The B-KAS series has a bigger brother. These 1.5Litre versions are now bigger than ever. Get these if you eat more than the usual. Each B-KAS comes with a cutlery set. Highly customisable, give us your design and we'll tastefully print it on the covers. Perfect as corporate gifts for your company.

Branding Techniques : UVP | DTF

Our bodies are made up of a majority of water. So water is extremely important. How do we make sure we get enough? We drink enough. Do it in style with this new series by BDARI, our B-KAS Air. Made from Tritan material, this plastic bottle is reusable and extremely durable. Its properties ensure that you are drinking safe water and making sure that you aren't contributing to the already terrible trash piles of single use plastic in our oceans. Our B-KAS Air bottles are made from USA Tritan Material. Better Quality, Better Durability.

WATER CONTAINERS

Plastic water bottles are a major source of ocean pollution. They degrade into microplastics that affect marine animals and ecosystems. They also release toxins and carry invasive species. Reducing, reusing, and recycling water bottles can help protect the oceans and our health.

 **Reuse bottles. Stop single use!**

 **COMPANY GIFTING**

MORE THAN JUST A BOTTLE

Water containers made from plastic are bad for you and the environment. They can contaminate your water, create ocean pollution, and take long to decompose. That's why you should use water containers made from eco-friendly material, like stainless steel, glass, or bamboo. These water containers are safe, reusable, and biodegradable. They also have different styles and features to fit your taste and needs. Choose eco-friendly water containers and hydrate yourself and the planet.

By choosing BDARI, you are choosing to support our efforts of reducing plastic waste from ruining our oceans and forests. Let's work hand-in-hand in saving our Earth

FROM PREVENTING 8 TONNES OF PLASTIC WASTE FROM ENTERING OUR OCEANS EVERY YEAR

One of the most pressing issues of our time is the environmental crisis caused by plastic pollution. Every year, millions of tons of plastic waste end up in landfills, oceans, and rivers, harming wildlife and ecosystems. Plastic water bottles are one of the main contributors to this problem, as they are often used once and thrown away. That's why we have curated a selection of water containers that are eco-friendly, reusable, and stylish.

These products are made from sustainable materials such as stainless steel, bamboo, glass, and silicone. They are durable, leak-proof, and easy to clean. They also come in various shapes, sizes, colors, and designs to suit your preferences and needs. Whether you need a water bottle for your gym bag, a travel mug for your coffee, or a flask for your soup, we have something for you. By choosing these water containers as corporate gifts, you are not only showing your appreciation to your clients and employees, but also demonstrating your commitment to environmental responsibility. These water containers are more than just products; they are statements of values and actions for change. Browse our catalogue and find the perfect water container for your corporate gifting needs.

FOOD CONTAINERS

Enjoy a hot and delicious meal anytime, anywhere with our electric lunch box. It heats up your food without using a microwave or a stove, saving energy and time. It keeps your food moist and flavorful, and lets you choose from a variety of food options. It also saves you money and reduces waste by reusing your containers and avoiding disposable packaging. Our electric lunch box is made of high-quality materials that are durable, safe, and easy to clean.

Lunch boxes: the smart way of packing food

BDARI has a wide range of food containers. These containers are made of a variety of materials, from reusable plastic to stainless steel. Our goal is to reduce single use plastic waste, hence reduce the amount of garbage that ends up in nature.

Food containers are essential for storing and carrying food, but not all of them are eco-friendly. Some are made of single-use materials that end up in landfills or oceans, harming the environment and wasting resources. Others are made of reusable materials that can last for years, reducing waste and saving money.

In this catalog, we offer a variety of reusable food containers that are good for the planet and your health. They are made of metal, glass, or biodegradable materials that do not contain harmful chemicals or leach into your food. They come in different shapes, sizes, colors, and designs to suit your needs and preferences.

Whether you need a container for your lunch, your leftovers, your snacks, or your drinks, we have the perfect option for you. Browse our catalog and discover how reusable food containers can make a difference for your well-being and the environment.

An electric lunch box is a smart and eco-friendly way to enjoy a hot and delicious meal anytime, anywhere.

Our electric lunch box is made of high-quality materials that are durable, safe, and easy to clean. It has a removable stainless steel tray that can hold up to 1.5 liters of food, enough for a satisfying portion. It also has a handle for easy carrying and a plug that can fit into any standard outlet or car socket. It can heat up your food in 30 minutes to an hour, depending on the type and amount of food.

Don't settle for a cold or bland lunch. Treat yourself to a warm and tasty meal with our electric lunch box. Order yours today and get a free set of utensils with your purchase.

Branding Techniques : UVP | DTF | SKS

There isn't a lot of kids-themed products in this catalogue. With that being said, for the one which are kids-themed, these look pretty good.

Coming in 3 bright colours, this kids lunch box looks like the silhouette of a lion or tiger. With a compact area for food, it's just enough for your little monster to get their energy from. Comes with a spoon and fork, as well as a pair of kid-safe scissors (for pasta cutting, of course).

Logo UV printing is possible so you can put your company's logo on the lunchbox - making it even more personal.

Ask us about our discount rates for bulk purchases.

Branding Techniques : UVP | DTF | SKS

This lunch box is made from microwave-safe plastic. It is highly durable and infinitely reusable. It is also dishwasher safe so that you can keep your lunchbox clean all the time.

The airtight lid keeps your food safe and delicious. The 4 compartments are properly-sized so that you can have all foods from the food pyramid in one lunch box.

The different colours make it so that you can be sure you have one for each person you wish to gift it to. Our side here, we'll UV print the lunch boxes so that you can have your logo on the lunch boxes.

Branding Techniques : UVP | DTF | SKS

Don't need to worry about the metal lunch containers being as fragile as a glass lunch box, and you don't have to worry when hot food is put into the plastic bento box, because we use 304 stainless steel food container which is very durable.

The stainless steel lunch box size is 6.97(L) x 4.33(W) x 1.97(H) inches, which can hold 550ml. The small stainless steel snack container can meet the daily food intake of children and the amount of afternoon tea for adults. You can put in sandwiches, fruits, nuts.

The metal lunch box for kids can reuse it until many years later, you will find that the metal bento box is still intact and continue to use saves money.

The sleek design of the metal snack box makes it difficult to hide food in gaps and is easy to clean. The stainless steel bento box is very very easy to clean and can also be used in the dishwasher. The lid of the stainless steel lunch box is a bit tight to prevent food from spilling out, so as not to get dirty.

Branding Techniques : LEN | UVP | DTF | SKS

2 TIER LUNCH BOX

LUB05

Very suitable for school, work, picnic, camping and other outdoor activities. The compartment design can meet your different needs. It is widely used to store rice, fruits, vegetables, etc

The sealing silicone ring is not easy to spill and has good sealing performance.

Suitable for use in offices, work, schools, nurseries, picnics, etc.

The ergonomic handle makes it easier to move and extract.

Logos can be UV printed on the covers.

Branding Techniques : UVP | DTF | SKS

BAGS

Bags: more than just fashion, they're a statement of sustainability.

Bags are important for many reasons. They help you store and carry your personal and professional items, such as your laptop, your documents, your clothes, your books, and more. They also help you express your style and personality, as you can choose from different designs, colors, and materials. But most importantly, bags can help you protect the environment, if you choose the right ones.

COMPANY
GIFTING

In this catalog, we offer a selection of eco-friendly bags that are made of natural, organic, recycled, or biodegradable materials. These bags are not only durable and functional, but also reduce the environmental impact of producing and disposing of synthetic materials. By using eco-friendly bags, you can:

Save natural resources and energy that are used to make plastic or leather bags.

Prevent plastic pollution that harms wildlife and ecosystems.

Support fair trade and ethical practices that benefit workers and communities.

Promote a circular economy that minimizes waste and maximizes value.

Eco-friendly bags are not only good for the planet, but also good for you.

They are safer and healthier than conventional bags that may contain toxic chemicals or allergens. They are also more stylish and unique than mass-produced bags that look alike.

So don't hesitate to browse our catalog and find the perfect bag for you. We'll make it happen.

BLACK

Branding Techniques : DTF | SKS

GREY

Duffel bags are versatile and convenient bags that can be used for various purposes, such as traveling, camping, sports, or everyday use. They are spacious and easy to carry, with handles and straps that allow you to hold them in different ways. However, not all duffel bags are eco-friendly. Some duffel bags are made of synthetic materials that are harmful to the environment and your health.

In this catalog, we offer a selection of eco-friendly duffel bags that are made of natural, organic, recycled, or biodegradable materials. These duffel bags are not only durable and functional, but also reduce the environmental impact of producing and disposing of synthetic materials.

COMPUTER ACCESSORIES

Save our earth with technology

E-Waste is inevitable. However, by choosing BDARI, you can rest assured that 1% of proceeds go to ZWM in efforts of creating a more sustainable future for our children.

Computer accessories are not only useful for enhancing your productivity and performance, but also for reducing your environmental impact. In this catalog, we offer a range of eco-friendly computer accessories that are made of natural, recycled, or biodegradable materials, or that can help you save energy and resources. Browse our catalog and discover how you can make your computer setup more green and sustainable.

LIVE WITH YOUR OWN STYLE

This is a 2-in-1 mousepad with detachable and attachable 10W wireless charger pad. Using 2-sided magnets, the wireless charger pad can be detached and attached to the left or right side of the mousepad, providing a nice adaptability to left or right handed users. The mousepad has an in-built ergonomic wrist rest with cushioning. Packed in a gift box

BLACK

Branding Techniques : UVP | DTF

GREY

- Detachable 10W wireless charger and mousepad joins by 2-sided magnets
- Flexi-attach to left or right side, or use separately
- With in-built ergonomic wrist rest & pen groove

Works with compatible cup / mug only as effective contact points work in tandem with each other. This intelligent base recognises metal foreign objects placed accidentally, and stays shut. Panel is waterproof & safe to touch even when switched on. The radio bottom cooling sheet dissipates heat at high temperature & accumulates heat when temperature is low. Mode of heating - wireless induction. Wireless Coaster can be used as a normal wireless charger with mobile phones too.

- Material is safe-to-touch even with ON
- Continuous 8 hours working
- Constant temperature 55 Celsius
- Mug 350ml capacity
- Supports Qi standard wireless charging of phones incl. Apple & Android upto 10W.

Branding Techniques : UVP | DTF

WIRELESS CHARGER WITH ALARM CLOCK

WIC03
