BDARI

— EAT WELL —

& *Feel Good*

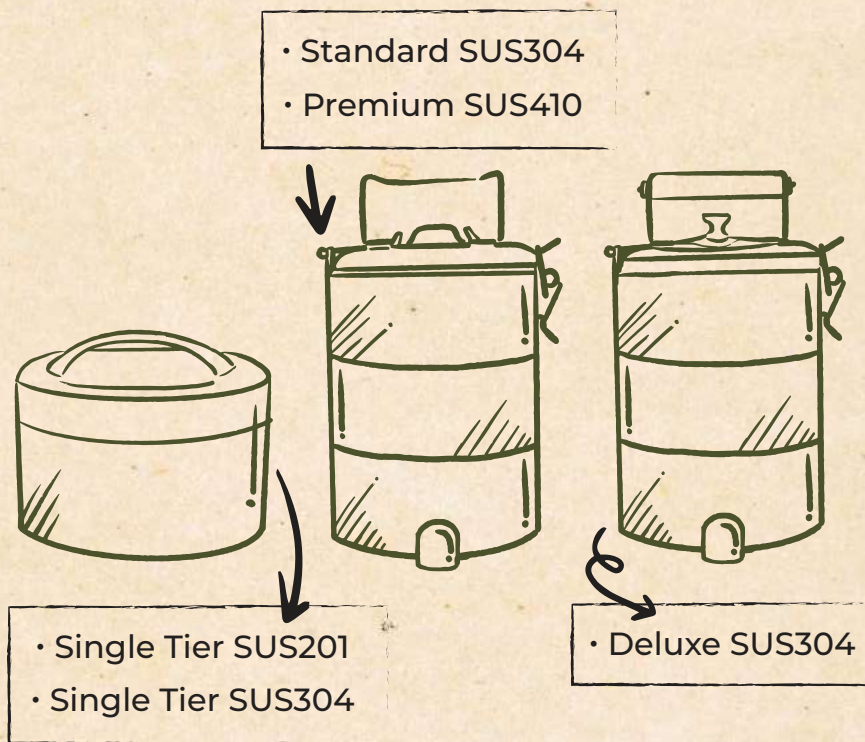

Tiffin carriers are a kind of lunch box used widely in Asia. Originally from India, the usage has spread and has become a common type of food container in Malaysia. The traditional tiffin carrier would usually be made of either wood or bamboo held together with a bracket or tied together with cloth. Nowadays, the modern tiffin carrier is made of stainless steel and is able to keep food warm and secure for consumption up to hours later. Our tiffin carriers are also decorated beautifully making them a statement piece. The tiffin carriers have evolved into the perfect gift as it is not only practical, it is also aesthetically pleasing.

BDARI DESIGNER TIFFIN CARRIERS

BDARI Designer Tiffin Carriers (DTCs) are made from high quality material protected with an aesthetic layer of highly durable, waterproof and UV-proof vinyl. To accommodate all purposes, the DTCs come in different variants of 3 different sizes.

Standard, Premium, and Deluxe variants are available in 2-tiers and 3-tiers.

So what do the different variants mean?

STANDARD	PREMIUM	DELUXE
The DTCs are made from stainless steel and are efficient for immediate consumption of food. Great as souvenirs and large quantity purchases.	Made from 304 stainless steel. Makes excellent gifts due to the better and sturdier build quality.	This variant is both spill-proof and thermally insulative. Suitable for storing food and liquids for an extended period of time.
12CM & 14CM		13.5CM

Flower

COLLECTION

Flowers symbolize love, wisdom, faith, and beauty. The Flowers Collection assembles elegant designs that elevate your tiffin carriers to the next level.

Batik

COLLECTION

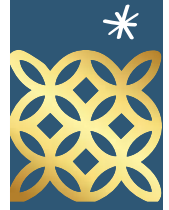

Malaysian batik is famous for its geometrical designs, in the sense that the pattern is larger and simpler relying heavily on the brush painting method instead of canting to apply colour to fabric.

BDARI was founded in 2020 and mainly focuses on providing alternatives to the single-use plastic crisis by promoting 'bring your own container' (BYOC) and 'bring your own lunch' (BYOL) concepts. It currently retails through various platforms. BDARI's signature product, Designer Tiffin Carriers, have sold over tens of thousands of units. Through raising awareness towards a healthier "tapau" culture, BDARI aims to not only have its customers eat well, but also feel good while doing it.

Save the Earth with us and stop single use today.
