Tupperware PremiaGlass™ Serve & Store Containers offer versatility at its best. Crafted of 100% borosilicate glass, these multipurpose containers deliver the flexibility of use in the freezer, microwave and oven. Tupperware PremiaGlass™ Serve & Store Containers are uniquely designed with beautiful and functional smart-locking lids, a sleek addition to any kitchen.

**Features & Benefits**

- **Crystal-Clear Base:**
  Clear glass base makes it easy to see what is inside.

- **Clip-Secure Lid System:**
  Four-latch smart-locking lid with secure silicone seal for 100% airtight and leakproof performance.

- **Multipurpose – Bake-Store-Reheat-Serve:**
  Containers can go safely from freezer to microwave or preheated oven (without the lid) all in the same dish, saving you the hassle of extra washing!

- **Heat-Resistant Glass:**
  Glass material can withstand temperatures up to 572° F/300° C and never warps or cracks with proper use and care.

- **10% Lighter Than Tempered Glass:**
  Lightness that lifts a burden off your wrist.

- **Stain and Odor Resistant:**
  Made from non-porous glass that does not absorb food odor, flavors or stains.

- **Stackable:**
  Maximize space in your pantry and fridge.

**Use & Care**

- When reheating in the microwave, remove the lid and cover the dish with a paper towel to prevent splatters.

- Only the glass container can be used in conventional ovens, with the lid removed.

- After storing food in the refrigerator or freezer, remove the lid and allow the container to sit for 1–2 minutes before placing in the microwave and/or oven.

- When freezing, only fill the container up to 75% to allow room for expansion.

- **Do not** use on or under a flame or other direct heat source.

- **Do not** use on the stovetop, under a browning element, on a grill or in a toaster oven.
Cleaning Guidelines

- Wash and dry your container before first use to avoid the gasket coming off due to manufacturing residue.
- Gasket is removable for easy cleaning.
- Wash in hot, soapy water and rinse well, or wash in the dishwasher.
- When placing in the dishwasher, avoid mechanical shock by allowing sufficient space between glass containers.
- After oven use, allow the glass to cool down before washing to avoid thermal shock.
- To remove any stubborn stains or food residue, soak briefly in warm, soapy water before washing.
- Do not use abrasive cleaning pads or abrasive cleaners, as these will scratch the base and plastic lid.

!!! WARNING !!!
As with all glass products, failure to carefully follow these use and care instructions may cause the product to break, which could result in property damage and serious personal injury.

The Tupperware Commitment
Our products reflect our commitment to making a measurable impact on the world around us. At Tupperware, we design all products with minimizing plastic and food waste in mind. By creating quality, durable and reusable products made to stand the test of time, we are supporting our mission to reduce waste for the longevity of our planet, our people and the communities in which we live and work.

Tupperware PremiaGlass™ Serve & Store Containers are covered by a Tupperware warranty against any material or manufacturing defects that may occur when using the product according to directions and in normal household use. This warranty does not include replacement for damage to the product resulting from negligent use or other misuse of the product.

If your product is covered by warranty, please refer to the warranty terms applicable to your country for a full description of coverage.

Your Tupperware product is meant to be used again and again. If for any reason your product is damaged and not covered by warranty or you no longer need your product, please recycle it, or let us know if we can help you.
