FOOD SAFETY PLAN: LETTER OF CONTINUING GUARANTEE		
Effective Date: 01/01/2023	Revision Date: 10/13/2023	Review Date: 01/01/2024

Edison Mercantile, LLC (Edison Grainery) recognizes that millions of people have allergic reactions to food that can sometimes be life-threatening, and that many suffer from Celiac disease or are gluten-intolerant. So that our customers may purchase our products with confidence, we have established a robust allergen and gluten program.

Gluten-Free: Edison Grain is proud to be a gluten-free facility.

- We carry no gluten-containing grains, which are defined as wheat (e.g., durum, spelt, kamut, emmer, einkorn), rye, barley, or their cross-bred hybrids such as triticale.
- Each incoming lot of every product is tested by a 3rd party laboratory for the presence of gluten to verify that cross-contact has not occurred in the field or at earlier processing steps.
- The FDA has established a gluten limit of less than 20 parts per million (ppm) for foods that carry the gluten-free label.
- Edison Mercantile threshold for <10pp.
- All our products meet or exceed that standard and carry the “Verified Gluten Free” logo.
- Certificates of Analysis are available on our website.

Allergens: Edison Grain recognizes the “Big 9” major food allergens as identified in the Food Allergen Labeling and Consumer Protection Act of 2004: Milk*, Eggs, Fish, Crustacean shellfish, Tree nuts, Peanuts, Wheat, and Soybeans. Sesame

While the cheese powder in our Organic Q Mac contains a milk allergen, it is manufactured in pre-sealed packets, and our stringent Allergen Preventive Controls minimize cross-contact risk.

- We require our suppliers to provide allergen statements, so we have full knowledge of their allergen profile, and we verify that they employ sound allergen management practices.
- Strict sanitation practices are always maintained for cleaning equipment and utensils.
- Employees practice good hygiene, and traffic flow is managed between allergen and non-allergen areas of the facility.
- Allergen labeling verification prevents undeclared allergens.
- Equipment used to manufacture our QMac is restricted to this product only.
