

PICKLENET Mini

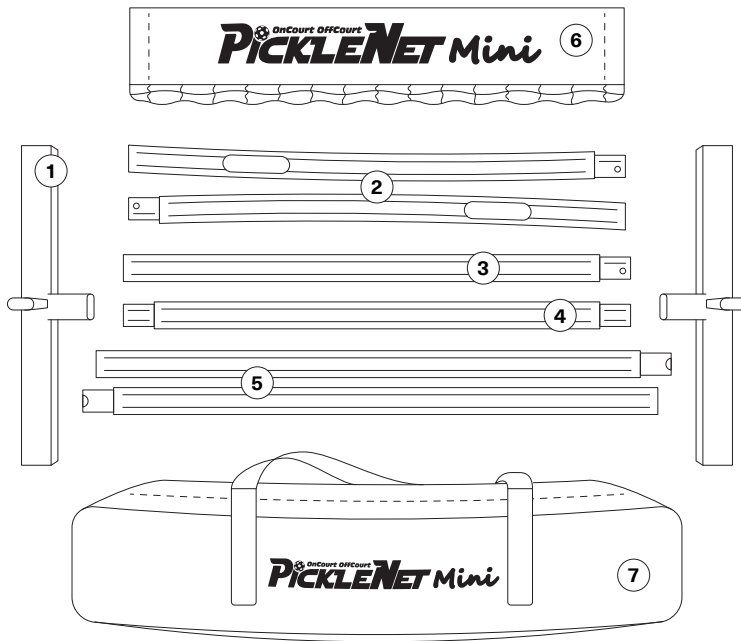

U.S. Patent NO.9545551

CARE SUGGESTION

While the net system is designed for both outdoor and indoor use, please refrain from leaving this product too long in the outdoors. We suggest that you store your net system indoors and don't expose it to wet or extreme outside elements. We cannot guarantee products that are left outside for extended periods of time.

PARTS LIST

- | | |
|--|--|
| 1. 2 rectangular large end bases | 5. 2 straight oval pipes with end caps |
| 2. 2 bent long oval pipes | 6. 1 PickleNet Mini net |
| 3. 1 straight oval pipe (one end tapered) | 7. 1 carry case with compartment |
| 4. 1 straight oval pipe (two ends tapered) | |

EASY TO ASSEMBLE

- Assemble the horizontal poles first. Use the full net image as a reference.
- Place 2 end bases approximately 10 feet apart.
- Insert each bent pole and then connect 1 straight pole (with no end caps) on each side to center base.
- Insert one vertical net post pole that have end caps into each end base. The frame is now completely assembled.
- Slide net sleeves over each vertical net post.
- Use adjustable net straps to create straight net appearance as shown in photo. To accomplish this, loop black adjustment straps through "D" ring and then back around pole to secure with Velcro at desired tension.
