Visit:

<http://www.gemtor.com/rescue.htm> for further detail or call for assistance.

NOTE: Waist opening design may differ depending on the manufacturer of the protective gear. Additionally, the above recommendations are suggestions only with simplicity of donning the pants and harness intended. Departmental practice or personal preference may be different from this recommendation and will not affect the performance of the harness.

Returned harnesses that were ordered incorrectly will be assessed a 20% restocking fee.

Waist measurement shall be taken over the bunker pants.
