

Helmets™

LEGACY 5™

Legacy 5™

Low profile, modern-style helmet for superior balance and stability

Balances the factors of safety, comfort and cost. The modern styling of the helmet offers lighter weight, lower profile and better interfaces than traditional-style helmets. It has a tough, durable fiberglass shell with excellent thermal resistance.

Exclusive Features

Shell — State-of-the-art fiberglass materials for light weight and structural integrity. RTM technology provides color pigmentation throughout the shell.

Impact cap — Lexan®/ABS dome encapsulated with urethane foam for outstanding thermal resistance.

Suspension — Patented Center of Gravity™ adjustment system lets you set the center of gravity to your liking and keeps it positioned in place.

Height adjusters — Provide three different headband height positions.

Ratcheting headband — Adjusts from size 5½ to 11. Headband is cushioned with foam and covered with black knit DuPont™ Nomex® brand fiber for comfort and secure fit.

Eye protection — Choose from:

- High temperature 4" APEC faceshield with spring-loaded Safety-Set® brackets or thumbwheel adjustments
- ESS goggles

Edge binding — Aluminum core edge binding is durable, but light.

Chinstrap — Easy-to-adjust, quick-release chinstrap with postman's slide.

Ear covers — Yellow Nomex®/flannel ear covers for added neck/ear protection. Other materials/colors available upon request as replacement parts

3M™ Scotchlite™ Reflective Material

(1" x 4" lime-yellow bars) — Has excellent heat resistance and maintains brightness and color after heat exposure.

Colors — Available in yellow, black, white, red, blue, orange or green. Custom colors available upon request.
