LOCATION OF THE IMPACT

Mumbai, India , Shyam Nagar, Bhandup East

The choice of this location by our country manager Shakti Yadav was influenced by the substantial number of migrant workers, laborers, and people involved in different miscellaneous occupations within the community. Given the economic difficulties and unemployment prevalent in the area, numerous residents find it challenging to maintain their means of living.

BFWP's choice to provide support to these individuals and their families demonstrates a commitment to addressing the economic challenges encountered by this diverse community. By working together to tackle these hardships, we can contribute to the development of a more resilient and inclusive society.

Together, we can strive to create positive change and uplift those who are in need.

OUR COUNTRY MANAGER – SHAKTI YADAV

In 2020, Shakti Yadav, our country manager based in Mumbai, India, took a stand against the intertwined challenges of waste and poverty. He reached out to us on Instagram, expressing his interest in implementing the BFWP concept in Mumbai. Despite our limited resources at the time, Shakti persisted and presented a comprehensive action plan to initiate the program in his community.
