

BUY FOOD WITH PLASTIC

Buy Food with Plastic is a Swiss organization that enables people in Nicaragua, Ghana and India to pay for hot meals with plastic bottles. The collected plastic waste is then processed into new products in local upcycling factories in order to close the cycle.

Why partner up with us?

Together, we can tackle the urgent problems of plastic pollution and extreme poverty.

We are active in Nicaragua Ghana and India taking direct action by...

- + Exchanging food for plastic waste**
- + Educating on environmental protection**
- + Creating jobs**
- + Promote entrepreneurship**

Reach your ESG goals with us!
