

UVLI Tubing Covers 0593

Data Sheet

For IV Lines. Amber UVLI™ tubing covers provide a convenient, cost-effective, and disposable solution for protecting light-sensitive medications during administration. The semi-transparency of our Amber UVLI™ makes it easy to read labels and levels underneath without lifting the cover. Our covers and bags exceed the United States Pharmacopoeia Standard blocking over 90% of harmful UV light between 290nm and 450nm, so you can protect with confidence. Tubing covers are unsealed on either end and come in various continuous lengths for custom cutting or convenient packs of 72" precut strips for ultimate convenience.

Color	<i>Amber</i>
Standard Size	<i>2.5 in x 300 ft</i>
Legacy SKU	<i>590-UT300</i>
