

UVLI Tubing Covers 0993

Data Sheet

For IV Lines. Brown UVLI™ tubing covers provide a convenient, cost-effective, and disposable solution for protecting light-sensitive medications during administration. Our Brown UVLI™ covers block 98% or more of light transmission and are nearly opaque, making them a great solution for blinding. Tubing covers are unsealed on either end and come in various continuous lengths for custom cutting or convenient packs of 72" precut strips for ultimate convenience.
