

CONTAINER RETURN PROGRAM

Help reduce landfill waste and the energy use and resources that typically go into recycling a container. Return these containers to us, we will clean and **REUSE** them, and you'll get your deposit back!

We have reused over 125,000 lbs of plastic containers and over 93,000 lbs of glass containers since 2003 —that's a 76% reuse rate!

Glass Containers (lids not required, but accepted)

1 Gal Jug
\$1.50

1/2 Gal Jug
\$1.50

1/2 Gal Jar
\$1.50

SEE REVERSE SIDE FOR RETURN INFO & INSTRUCTIONS

CONTAINER RETURN INSTRUCTIONS

- Please clean the outside of the containers soon after emptied. For food safety reasons, we can only accept clean containers.

- We will not accept containers with residual food, dirt, or other contaminants on the outside.
- Please do not store other products in Hummingbird containers or add any ingredients to the product in the container. This does not comply with our Food Safety requirements and other certifications. Adding any external substance makes the container unusable.
- Containers must be in their original condition—do not write on the container or puncture the plastic.
- We cannot accept any mold contaminated containers due to food safety.
- Plastic containers require original lids. Glass containers do not.
- We only accept Hummingbird containers. See other side for list.

This dirty 1/2 gallon jug will need to be clean before we can accept it for deposit return.

When returning glass jars and jugs with our truck drivers:
Place glass jars and jugs in cardboard boxes to ensure they do not get broken during transit back to our facility.
