Specially designed clothing, Sch. VI, Part II, s 36

52 Effective April 24 1996, a supply of clothing that is specially designed for use by an individual with a disability is zero-rated when the clothing is supplied on the written order of a medical practitioner for use by a consumer named in the order. This amended provision ensures that the articles supplied under a

prescription issued to a consumer are zero-rated regardless of who initially receives the supply.
