

HAPPY FEET TEXTURE TOP

ANTI-FATIGUE MAT

An industrial mat, made for comfort and safety.

Featuring exceptional anti-fatigue properties combined with unique safety edges, the Happy Feet Texture Top design looks good and is spongy for long standing days.

While most industrial anti-fatigue mats have exposed foam which soaks up water, grease and oil and should only be used in dry areas, Happy Feet mats feature a dense rubber cushion that is encapsulated within a solid nitrile rubber to protect against deterioration and contamination.

FEATURES & BENEFITS

- The rough surface also cleans the shoes as you walk
- Hard wearing, comfortable industrial fatigue mat
- Resistant chemicals, animal fats and petroleum products
- The backing is nitrile rubber grips that minimise mat movement and maximise safety
- They are static dissipative and safe for use in computer rooms and electrical part manufacturing

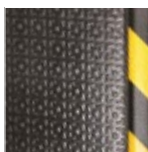

SPECIFICATIONS

Uses	Industrial wet or dry areas and workstations
Materials	Nitrile Rubber
Thickness	9mm

COLOURS

Black

Black with Yellow Safety Border

RECOMMENDED FOR

- Industrial
- Factories
- Computer Rooms
- Assembly Lines
- Production Lines
