

SAFETY CUSHION MAT

ANTI-FATIGUE MAT

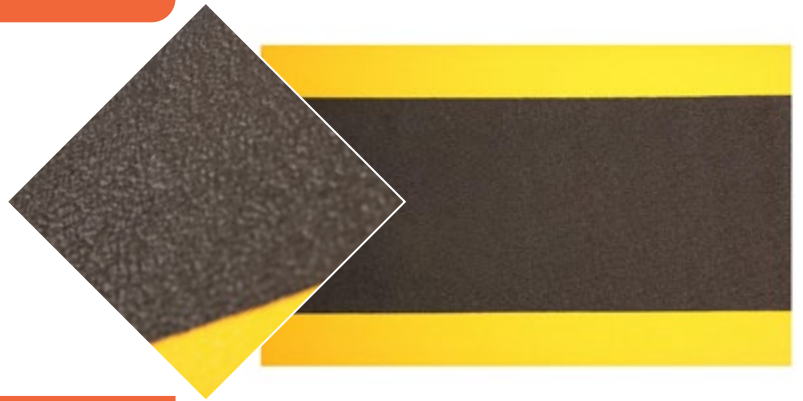

An affordable and versatile safety anti-fatigue mat.

Safety cushion is an affordable entry-level anti-fatigue mat that is lightweight, making it ideal for rolling up and moving, or storing when not in use.

The mat combines the comfort of a soft PVC sponge with a more chemically resistant surface. It is a tremendously versatile mat with its double thick urethane coating that offers more abrasion resistance than comparable uncoated products.

FEATURES & BENEFITS
