

SANITISING FOOT BATH (47MM THICKNESS)

RUBBER MAT / SPECIALITY MAT

The Sanitising Footbath is perfect for outside food processing plants, laboratories, hospitals, agricultural farming applications or any areas where you need to disinfect footwear before entry.

It has thousands of pliable rubber scrapers that dislodge contaminants from footwear as the shoe soles are immersed in the disinfectant solution.

FEATURES & BENEFITS

- Keeps hygienic areas free of contamination and germs
- Scrapers remove dirt while footwear is immersed in disinfectant solution
- Manufactured from high-grade rubber
- Designed to hold up to 20L of disinfectant solution **Disinfectant solution not included*
- Black with Black Border or Yellow Border for added safety
