CARE AND MAINTENANCE

The following care instructions are recommendations only.

Marble

Marble is a natural material that gives each piece a distinct and unique appearance. It is sensitive to liquids and if they are not removed immediately, they may leave a permanent stain. For this reason, MOR marbles are treated with a sealer that makes the pieces more resistant to stains.

For daily care and cleaning, it is recommended to use a cleaning agent specifically developed for stone or marble. Wipe all spills as soon as they occur. Avoid using abrasive cleaning agents or harsh cleaning detergents on marble, as this will permanently damage the surface.
