AMA plate

# AMA plate

## **ABOUT**

Manuel Aires Mateus creates four elegant stone platters inspired by a simple, circular shape, with beautiful Estremoz marble stone grooved in a classic pattern. Its unique look is achieved by placing vertical grooves carved in its pristine surface, where everything can be placed and still be kept dry.

These platters can be used as a serving tray, an accent piece or even for displaying objects and will enhance any space.

## **CARE AND MAINTENANCE**

The following care instructions are recommendations only.

### **Marble**

Marble is a natural material that gives each piece a distinct and unique appearance. It is sensitive to liquids and if they are not removed immediately, they may leave a permanent stain. For this reason, MOR marbles are treated with a sealer that makes the pieces more resistant to stains.

For daily care and cleaning, it is recommended to use a cleaning agent specifically developed for stone or marble. Wipe all spills as soon as they occur. Avoid using abrasive cleaning agents or harsh cleaning detergents on marble, as this will permanently damage the surface.
