CRAG blanket

TORRE vase

ABOUT

CRAG is inspired by and pays homage to the heritage of wool manufacturing in Serra da Estrela. It is designed with the intent of retrieving and displaying the array of traditional loom stiches, in juxtaposition. Although very graphical and experimental, the result is brought together under two versions: a neutral greyscale style and a multicoloured palette, resulting in a contemporary object.

CARE AND MAINTENANCE

The following care instructions are recommendations only.

Wool

The CRAG blanket is made from 100% Merino sheep wool, a natural material that gives it strength and durability. Produced in Portugal, in Serra da Estrela, woven on ancestral looms and finished by hand. It must be handwash up to 30°C/86°F; Do not bleach; Dry flat on the shade; No twisting; Iron up to 150°C/300°F; Dry clean allowed.
