# DUO vase

## **ABOUT**

With an unusual silhouette, the DUO vase highlights the vertical and tricks the human eye. The bi-materiality is aesthetically appealing, but also has functional reasons: mouth-blown glass cylinders can accommodate tall twigs and leaves, while heavy bases made of Portuguese stones like Pele de Tigre and Verde Serpa assure astounding stability.

DUO vase is available in two sizes

## **CARE AND MAINTENANCE**

The following care instructions are recommendations only.

### **Marble**

Marble is a natural material that gives each piece a distinct and unique appearance. It is sensitive to liquids and if they are not removed immediately, they may leave a permanent stain. For this reason, MOR marbles are treated with a sealer that makes the pieces more resistant to stains.

For daily care and cleaning, it is recommended to use a cleaning agent specifically developed for stone or marble. Wipe all spills as soon as they occur. Avoid using abrasive cleaning agents or harsh cleaning detergents on marble, as this will permanently damage the surface.

### **Glass**

For daily care and cleaning is recommended to hand wash with a suitable detergent and warm water. Avoid using abrasive sponge or cloth.
