TORRE vase

TORRE vase

ABOUT

Created out of a playful approach to materiality and form, TORRE is a ceramic vase as well as a sculptural piece. Julien Renault chose to mainly follow his intuition and his inspiration, late Italian designer and artist Enzo Mari, to create this minimalistic yet technically complex ceramic object.

The intuitive first drawings of this piece felt reminiscent of water towers, which led the designer to the final shape of TORRE, a beautiful and unpretentious creation that stays true to its purpose, but not without sparking curiosity.

CARE AND MAINTENANCE

The following care instructions are recommendations only.

Ceramic

MOR ceramic is handmade in Portugal through a traditional process that may originate slight variations in size, shade of glazing and surface texture. Hand wash only with water or soapy water. Never use chlorine bleach products as it will damage the vase. Clean with soft textile cloth only. Do not use brushes of any kind. Direct use on the delicate surface may cause scratches. Recommended for indoor use only. Not dishwasher safe.
