CAMPO

MOR DESIGN MADE SIMPLE

# CAMPO mirror product sheet

Designed by Filipe & Viricel, CAMPO is a multipurpose mirror that opens a window to simple times. A minimal and honest design that offers a variety of uses. Inspired by traditional wooden cases used in the markets during the early 50's, CAMPO mirror replicates the functionality and spirit of such object. Simple, trustworthy and helpful, it reflects the values and knowledge in craftsmanship. Its wooden frame allows it to be used in different ways and environments. Set up as a shelf for daily use items and support a routine, to frame and display cherished objects, or simply be used as a mirror. Available in 3 sizes, CAMPO is a mirror that fits every room, bringing an authentic and sincere character to any environment.
