FRAME Table

MOR DESIGN MADE SIMPLE

## FRAME Table product sheet

FRAME collection is the perfect trio for any gathering space. The collection includes a table, a chair and a bench, holding everything one needs for a cozy get together. Being a simple yet sculptural and self-explaining design, the collection is meant to resemble a craft feeling, an ode to classic wooden furniture and handcrafting.

Inspired by the characteristics of Danish design, the collection impresses with its minimalistic shape and great attention to details. With simple but strong expression the FRAME pieces pay homage to the simple way of living culture and every step of it's production is aligned with requirements of sustainability and quality at the same time.

The table has a reference to old simple farm tables, with its rectangular shape and the lower beam, where you can put your feet, giving it a calm and pleasant atmosphere.
