

Divers Waiver

I Understand that I should be in good mental and physical fitness for SSBA (Surface supplied breathing apparatus), Scuba diving and snorkelling, and that I won't dive under the influence of alcohol or any drugs that are contrary to SSBA diving, Scuba diving or snorkelling.

- I fully understand that asthma, epilepsy, any recent surgery, most prescription medications, heavy colds and flu within the last 10 days, are reason not to dive. I further fully understand the recent alcohol consumption and use of recreational drugs also are reasons not to dive. I understand that the above-mentioned conditions and practices contribute to factors which can lead to decompression illness or embolisms even when all SSBA or scuba diving practices are performed correctly and within the limits of recreational no-decompression diving
- If I am taking medication, I declare that I have seen a physician and have approval to SSBA or scuba dive/snorkel while under the influence of the medication/drugs
- I Understand that skin and SSBA or scuba diving are physically strenuous activities and that I will be exerting myself during this activity and that if I am injured as a result of heart attack, panic, hyperventilation, etc. That I assume the risk of said injuries and that I will not hold the released parties responsible for the same.
- I understand that concealment of any medical or physical condition might put my life or health or the life or health of others at risk.
- I accept that the activities may involve strenuous physical activity even in calm water and that older people are at an increased risk of death and injury due to a higher incidence of medical conditions made worse by physical exertion, such as heart disease and stroke.
- It has been recommended to me that I obtain my own accident insurance to cover me whilst diving.
- I have watched and understood the Suba Rig instructional and safety videos and agree to abide by them.
- The Suba Rig instructional and safety videos is not proper scuba training. I understand that it has been recommended to me that training is required before using the Suba Rig.

Diver Release

In consideration for the SSBA dive being undertaken the person, for themselves and for their estate, hereby releases, discharges, waivers and relinquishes any and all suits, claims, actions, causes of actions of the like against THE SUBA RIG (the company) and its servants or agents in respect of any loss or damage suffered by the person as a result of delay or cancellation of any SSBA dive or for any loss or damage to the person or property of the person sustained during SSBA dive or otherwise in connection therewith including but not limiting to loss or damage suffered during or as a result of the person having engaged in SSBA diving activities whether such loss or damage was caused or contributed to by any equipment supplied and/or serviced by the company, its servants, or agents and whether loss or injury was caused or contributed to by any negligence or breach of duty on the part of the company, its servants or agents or otherwise.

The person acknowledges that these conditions have been drawn to their attention and that they form part of the contract between the person and the company.

Your doctor should check this form and may declare as a result that you need a full medical before diving. He/she may decide that you should not dive. To do so may put your life at risk or that of the employee of THE SUBA RIG. In the interest of your safety it is important that you complete all answers to every question.

I have read and fully understand the information on this form. I certify that the information given on this form is true and correct to the best of my knowledge and that I realise that any failure on my part to provide complete and accurate information on my medical history could result in death or serious injury being suffered by me should I proceed with diving activity.
