

Monarch Tree Collection Ornamentation Estimates

When budgeting your Monarch Tree ornamentation, consider whether you prefer a lightly decorated or heavily decorated tree.

When selecting your ornamentation, keep in mind that lightly decorated trees require 8-12 ornaments per branch and heavily decorated trees require 15-18 ornaments per branch. Our decorating experts recommend varying your ornamentation based on size, color, and texture for visual appeal. Specialty ornaments and embellishments including holly leaves, berries, and ivy are recommended but may increase your overall price.

Here are our suggestions for estimating your Monarch Tree's ornamentation cost. The ornaments and labor cost reflects your starting price should you choose to have Dekra-Lite pre-decorate your tree.
