

9' Giant Candy Cane Instructions

NOTE: Pieces from other sizes and styles of candy canes are **not** interchangeable.

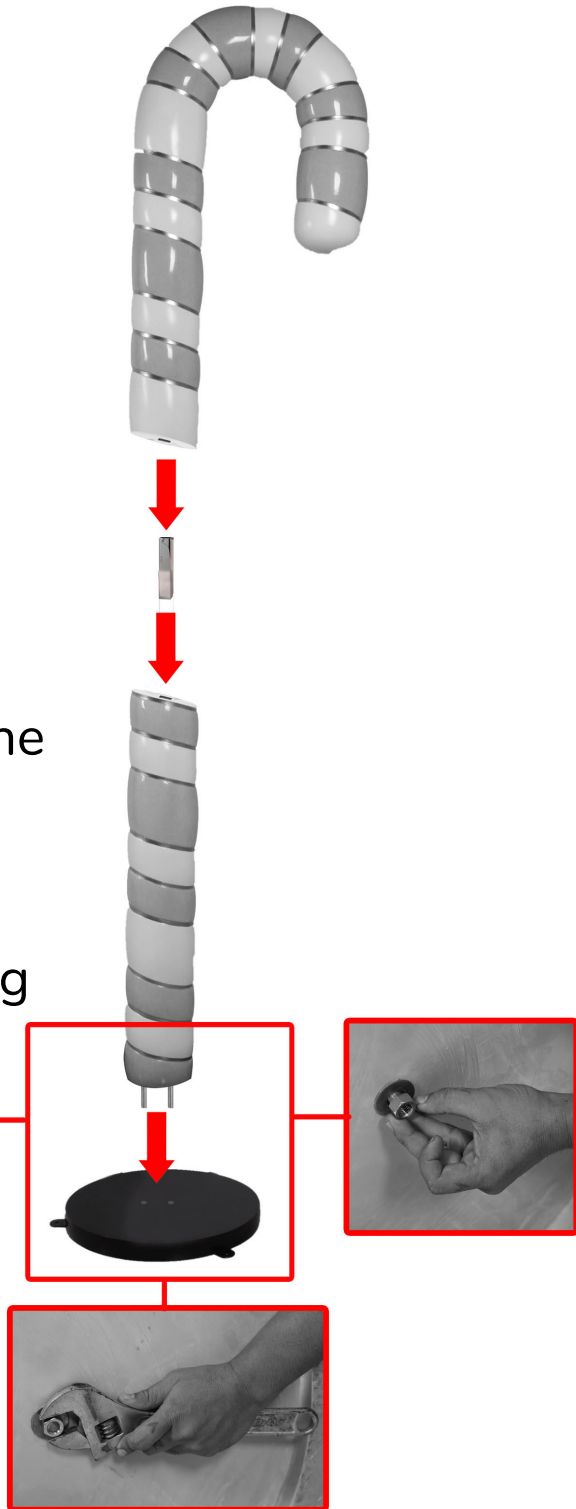

1. Attach the bottom half of the candy cane to the base.
2. Lay the candy cane on its side.
3. Secure each of the screws with a washer and hex nut (provided).
4. Stand the candy cane up to attach the remaining section.

5. Place the support pole in the opening of the bottom piece* of the candy cane.

*Note the letter or number carved into this piece. This must match the letter or number on the top piece for a proper set-up.

6. Align the top piece of the candy cane above the bottom half and slide over the support pole.
