Declaration of Intent

SUMMARY

Declaration of Intent

Declaration of Intent

It is my intent to register for a California tax or fee permit, license and/or account with the California Department of Tax and Fee Administration (CDTFA).

I declare that all the information I provide for this electronic application has been examined by me and to the best of my knowledge and belief is a true, correct and complete application. I understand that I will be creating a tax, fee or license account that may result in the responsibility to file returns and/or result in the responsibility to pay a tax or fee to the CDTFA. I certify that I am duly authorized to submit this application and that all parties responsible for paying the tax or fees associated with the account(s) that will be created by this application are aware that I am submitting the application on their behalf.

As I am registering for a sales and use tax permit;

- I declare that either I currently do not have an outstanding final liability for sales and use tax with the CDTFA under a different account, either open or closed; or, if I do have an outstanding liability, I am currently in a payment plan and in full compliance with the terms of the plan.

By checking this, I am declaring my understanding of the above and my intent to register.

You must agree to the terms.
