Dear Goddess,

Books make our travel so much more immersive. Whenever I visit the UK, I'm grateful for all the books I've read about England, from [Alison Weir](#), [Philippa Gregory](#) and [Hilary Mantel](#), to name a few. Just walking by the Tower of London this week, I was brought back to medieval times, thinking of the many women who have played such important roles in history.

As we come to the end of 2022, we're inviting you to help us choose our books for 2023, which span the world from Australia to Ukraine. These books have been shortlisted by our book club team, including Tina Hartas at TripFiction, Wendy, Sally and myself. [Please choose up to five books](#) by November 25 so that we can share the final list with you in early December, just in time for your holiday shopping list!

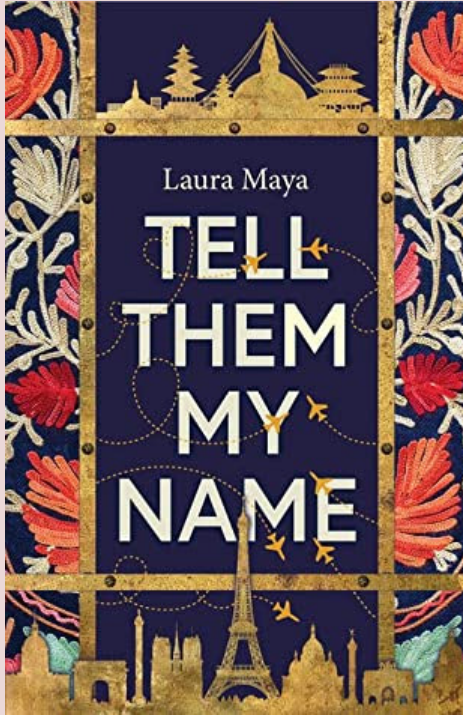

Since our [Holiday Social is on December 15](#), we're not having a December book club, but will continue our meetings in January with our first book of the year on **Wednesday, January 18**. Please make sure to mark the third Wednesday of each month on your calendar so that you can join us!

Travel safely,

Carolyn, your book club co-host
