The Jeff Gogue Signature Series

Jeff Gogue Signature Series

Jeff Gogue - "I had the incredible privilege of creating my own signature tattoo ink palette with Fusion's co-owner Adam Everett. A couple are made to transition from existing colors and to work as vibrant neutrals, so to speak. They are mature colors for a more earthy aspect to tattooing. I of course believe on striving for bright tattoos but those colors are already available and I often end up needing transition colors or earth tones to accentuate the bright ones I'm trying to get the viewer to focus on."
