

Communicate

Written By: Angeline Pompei

Theme: Communication, relationships, arguments, silent treatment

We talked

A lot

Then fought

We talked

Then yelled

It stopped

We talked

About

The past

Then

Silence

Came

Real fast

Talk to me,

I can't read your mind

Can't you see

I'm losing my mind

Silence can heal

Silence can hurt

Talk to me

Don't treat me like dirt

We spoke in circles

Can you relate

We spoke with words

That separate

Words once spoken

Can bring your fate

So, stop the hate

And communicate

Talk to me

I can't read your mind

Can't you see

I'm losing my mind

Silence can heal

Silence can hurt

Talk to me

Don't treat me like dirt

Can you communicate

Can you articulate

I can't read your mind

Talk to me

I can't read your mind

Can't you see

I'm losing my mind

Silence can heal

Silence can hurt

Talk to me,

Don't be a jerk

Talk to me

Talk to me

Talk to me
