

## **I Like Work**

Written By: Angeline Pompei

Theme: Work, living your passion, working hard, types of work, possibilities, taking risks

I work all day

I like work that pays

I mix work with play

I work to get paid

I am not afraid

To work on a stage

You work holidays

You work while you pray

Work never ends

You work everyday

You work your life away

Shouldn't work be fun?

I like writing songs

I like feeling calm

I like being a mom

I like writing songs  
Sing and dance along  
I like feeling strong  
I liked many things  
I liked skincare marketing  
I worked and it was fun  
I worked really hard  
I liked my work so far  
But now that work is done  
Just like you change your looks  
You can even write comic books  
You just need some guts  
Don't sacrifice your life,  
Your soul for any price  
Don't be afraid to roll the dice  
I like writing songs  
I like feeling calm  
I like being a mom  
I like writing songs  
Sing and dance along  
I like feeling strong  
I like writing songs  
I like feeling calm

I like being a mom

I like writing songs

Sing and dance along

I like feeling strong

I like writing songs

I like working hard

I like working physically

I like working mentally

I like working at my dreams

I like being me
