

## Thinking

Written By: Angeline Pompei

Theme: Deep thought, imagination, escaping reality, entertainment, distractions, places

Thinking

In another place

Thinking

Of a place in space

Thinking

In another place

Thinking

This world is outer space

Sometimes I think I think too much

Sometimes I don't think enough

Sometimes my thoughts are all messed up

Thinking, I think I've thought enough

I thought

I was in desert space

I thought

There were jewels and jade

Thinking in another place

With Egyptian moons and rattle snakes

Sometimes I think I think too much

Sometimes I don't think enough

Sometimes my thoughts are all messed up

Thinking, I think I've thought enough

Thinking of a new escape

Thinking of bubble gum mistakes

Thinking

Until the bubble breaks

Sometimes I think I think too much

Sometimes I don't think enough

Sometimes my thoughts are all messed up

Thinking, I think I've thought enough

This time I will not escape

To a distant foreign place

This time I will not wait for fate
