

ADVANCED COMFORTECH GEL

THE FIRST CHOICE IN DURABLE COMFORT

The Harness is Flexible; Our Standards Are Not

Built to Perform

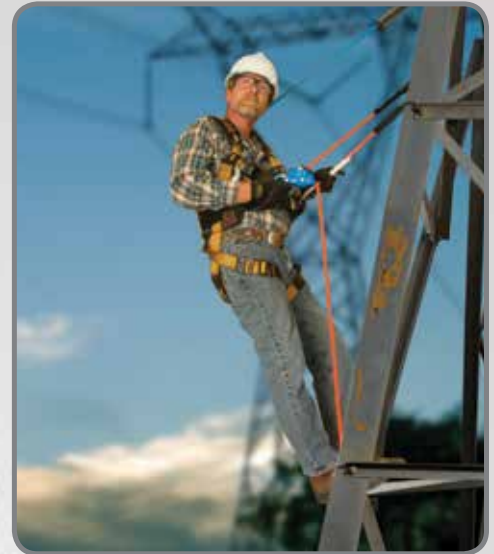

FallTech Fall Protection products are engineered to perform and keep workers safe when working in tough, challenging conditions. Whether on a construction site, chemical facility, refinery, rod busting or any other job, FallTech's Anchors, Bodywear, Connectors, Self-Retracting Devices, and Tripods offer superior durability and protection to keep workers safe.

The FallTech Advantage

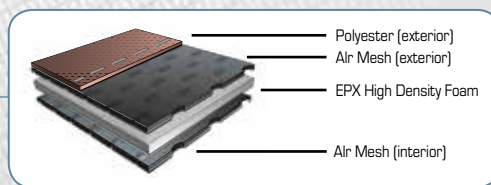

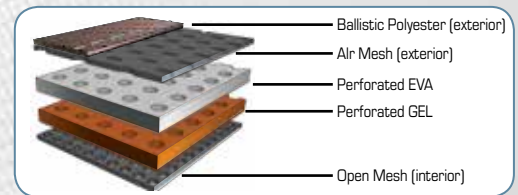

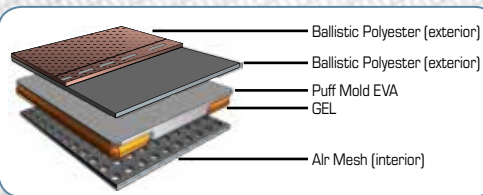

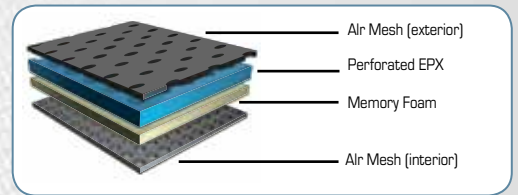

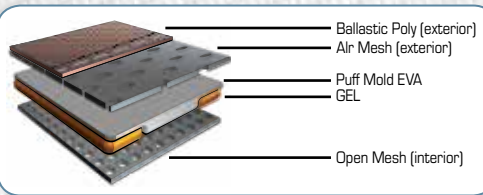

ANSI and OSHA aren't just letters, they're confidence. Rest assured FallTech fall protection is engineered to the highest standards of safety and reliability and comply with all applicable ANSI Standards and OSHA Regulations. We don't kid around with this.

FallTech Testing Lab Accreditation

FallTech's has an internal testing lab; does your fall protection manufacturer? Ours has met the stringent requirements of the IAS Accreditation Criteria for Testing Laboratories (AC89) and has demonstrated compliance with ISO/IEC Standard 17025:2005. Has theirs?

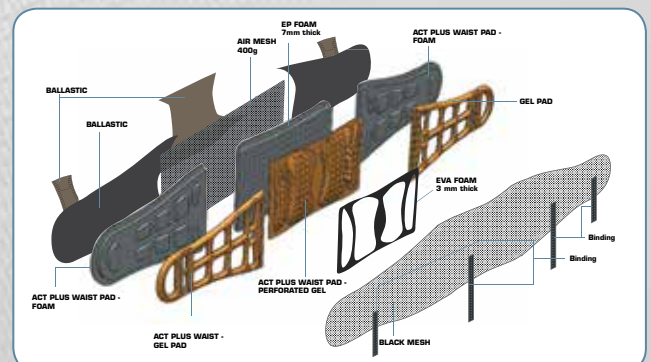

The Comfort You Want

If you're gonna call something comfortable, then it better have it in the name... Advanced ComforTech Gel

Here's a concept, you work long hard hours; wear a harness that's comfortable. Don't compromise on a harness that will dig into your shoulders when carrying rebar, or pulls into your back with 60 lbs. of tools and bolts in your pouches... Get a harness with soft gel integrated with comfortable foam support. The FallTech Advanced ComforTech Gel harness is your only choice for durable comfort.

Advanced ComforTech GEL harness, it's not just lighter... It's just bad ass.

Extreme Comfort

- The endoskeleton frame offers a polymer gel in the shoulder and waist pads for added support and cushioning at key impact areas.
- This advanced polymer Gel provides energy absorption that reduces fatigue, aiding in the prevention of work related injuries.
- A strategically placed contoured pad on the upper spine provides extreme relief when carrying heavy tool bags.

Purpose Built

- Built to work hard, like you.
- Tough ballistic polyester exterior for long lasting durability.
- Removable and adjustable leg pads offer a durable air mesh, with a ventilated gel and foam for all day comfort.
- Pliable air mesh adapts to your movements for a customized fit.

All Day Durability

- Tighter web construction offers added strength and longer life while maintaining pliability for ease of movement.
- Comfortable yet rigid lumbar support provides lower back support while allowing a full range of movement
- Work ready construction with lightweight aluminum hardware are the back bone of durability.

Back D-Ring Keeper

- SRD Quick attachment point allows fast, hassle-free attachment of most Single and Twin personal SRD connectors.
- Integrated tension clips minimizes back D-ring and shoulder pad downward slippage to keep you working, not adjusting.

COMFORTECH GEL

The Harness is Flexible, Our Standards Are Not.

7081BR

- 1 FallTech proprietary back D-ring keeper with integrated connection sleeve allows users to quickly attach a compact Self-Retracting Device reducing connection and disconnection time.
- 2 Soft edging around the neck will not rub or chafe for added comfort.
- 3 Strategically placed memory foam contours the upper spine reducing stress on the upper back.
- 4 Visi-Lock Quick Connect buckles feature a visual indicator that displays green when properly fastened.
- 5 Ventilated lumbar support provides cushioning and air flow keeps you cooler and more productive.
- 6 ANSI compliant lanyard parking elements capture lanyard legs when not in use to reduce trip hazards.
- 7 FallTech exclusive CamLock torso adjusters allows simple, quick one handed adjustment.
- 8 Endoskeletal GEL waist pad with foam support offers superior cushioning while reducing fatigue.
- 9 Proprietary cross-linked polymer GEL maintains cushioning and energy absorption properties in the heat and cold for comfortable cushioning day in and day out.
- 10 Tool lanyard connection points for easy accessibility to tools.
- 11 Extreme duty removable work belt capable of supporting up to three tool bags.
- 12 Lightweight anodized aluminum D-rings, torso and belt adjusters help lighten the load.
- 13 Removable and adjustable contoured leg pads can be removed.
- 14 Integrated Suspension Trauma Relief System available on select models and separately as user-installed, # 5040.

Where there's hard work, there's the Advanced ComforTech Gel Harness

Contact your FallTech distributor today for more information on the complete line of Advanced ComforTech harnesses.

SIZING CHART

FallTech understands the importance of a good fitting harness. That's why we spent years collecting and quantifying data related to the ergonomics of the human body. We have implemented that into our new full body harness sizing program - perfecting the fit, form and function in our products.

Proper fit and adjustment of harness is crucial to safety.

SHOULDER STRAP

Measure from 3 inches left of navel. Upward over left shoulder towards lower right side of back.

WAIST

Measure the circumference around the waist just under the navel.

LEG STRAP

Measure the circumference around the thigh from the crotch to underneath the hip bone.

MEASUREMENTS ARE TO BE TAKEN OVER CLOTHING AND BELT.

SHOULDER STRAP		LEG STRAP	
SINGLE SIZED HARNESS FIT RANGE			
XS	32"-49"	TB 16" - 28"	MB/QC 14" - 30"
S	38"-51"	TB 18" - 30"	MB/QC 16" - 32"
M	40"-53"	TB 20" - 32"	MB/QC 18" - 34"
L	42"-55"	TB 22" - 34"	MB/QC 20" - 36"
XL	46"-57"	TB 24" - 36"	MB/QC 22" - 38"
2X	48"-60"	TB 26" - 38"	MB/QC 24" - 40"
